Members of the Board:

**Approval of Intergovernmental Agreement No. 30447 with
Oregon Department of Transportation for the OR-213 at Union Mills Road Project**

Purpose/Outcomes	Enter into an agreement with Oregon Department of Transportation for the design and construction of a 300-foot right-turn lane westbound on Union Mills Road.
Dollar Amount and Fiscal Impact	Total project cost \$900,484.
Funding Source	Federal-Aid Multimodal Transportation Enhance Program (MTEP): \$808,004 County Road Fund: \$92,120
Safety Impact	A dedicated right-turn lane will increase the capacity and function of the intersection and likely decrease intersection-related accidents.
Duration	Upon execution through completion of the project.
Previous Board Action	11/20/12: The BCC provided a letter of support for the 2015-18 State Transportation Improvement Program (STIP) "Enhance" Funding
Contact Person	Joel Howie, DTD Project Manager @ 503-742-4658

BACKGROUND:

As part of the Multimodal Transportation Enhance Program (MTEP) the Department of Transportation and Development (DTD) has received funding to construct roadway improvements on Union Mills Road just adjacent to its intersection with Oregon Highway 213. The current right-hand turn lane is too narrow and short to accommodate large trucks often travelling on this road from rural agricultural areas. Without a dedicated turn lane, traffic often backs up causing other vehicles to wait to make a left-hand turn. The lack of a right-hand turn lane also causes safety concerns for cars and trucks at the intersection.

The improvements will consist of a 300-foot long, dedicated right-turn lane westbound on Union Mills Road. The project will be implemented by the Oregon Department of Transportation (ODOT) with input from DTD. ODOT has a project on OR-213 to increase sight distance at the Union Mills Intersection and will combine the projects into one construction project to provide economies to scale and less disruption to the area. Funding for the project will be from Multimodal Transportation Enhance Program (89.73%) with the match (10.27%) coming from the County's road fund.

The IGA has been reviewed and approved by County Counsel.

RECOMMENDATION:

Staff respectfully recommends approval of the attached Intergovernmental Agreement No. 30447 for the OR-213 at Union Mills Road Project.

Sincerely,

Mike Bezner, PE
Transportation Engineering Manager

**LOCAL AGENCY AGREEMENT
MULTIMODAL TRANSPORTATION ENHANCE PROGRAM (MTEP)**

Project Name: OR-213 at Union Mills Road

THIS AGREEMENT is made and entered into by and between the STATE OF OREGON, acting by and through its Department of Transportation, hereinafter referred to as "State;" and the **Clackamas County**, acting by and through its Board of Commissioners, hereinafter referred to as "Agency," both herein referred to individually or collectively as "Party" or "Parties."

RECITALS

1. By the authority granted in Oregon Revised Statute (ORS) 190.110, 366.572 and 366.576, State may enter into cooperative agreements with counties, cities and units of local governments for the performance of work on certain types of improvement projects with the allocation of costs on terms and conditions mutually agreeable to the contracting parties.
2. OR-213 is a part of the state highway system under the jurisdiction and control of the Oregon Transportation Commission (OTC). Union Mills Road is part of the county road system and under the jurisdiction and control of the Agency.

NOW THEREFORE the premises being in general as stated in the foregoing Recitals, it is agreed by and between the Parties hereto as follows:

DEFINITIONS:

1. "Funding Ratio" means the relationship between MTEP funds and Total Project Cost and Other funds and the Total Project Cost. This ratio is established at the time the agreement is executed and does not change during the course of the project. The ratio governs the obligation of MTEP funds at the time of construction/consultant award or Project Closeout.
2. "Match" means the minimum amount the state or local entity must contribute to match the federal aid funding portion of the Project.
3. "MTEP" means Multimodal Transportation Enhance Program and may be funded by a combination of federal and state funds.
4. "Other funds" means other funding required to complete the project including but not limited to state, federal, and agency funds.
5. "Project Closeout" means project is ready to close as there are no more expenditures associated with project.
6. "Project Overruns" means the final cost estimate at contract award exceeds the estimated Total Project Cost estimate in this Agreement, or the final actual project costs exceed the final cost estimate at contract award.

7. "Project Underrun" means the final cost estimate at contract award is below the estimated Total Project Cost in this Agreement, or the final actual project costs are below the final cost estimate at contract award.
8. "Total Project Cost" means the estimated amount as shown in this Agreement. This amount will include MTEP funds, local matching funds, and other funds as required to complete project as stated in this Agreement.

TERMS OF AGREEMENT

1. Under such authority, Agency and State agree to the State designing, acquiring right-of-way for, and constructing improvements to OR-213 at Union Mills Road on behalf of Agency, hereinafter referred to as "Project" and is further defined below. The location of the Project is approximately as shown on the sketch map attached hereto, marked "Exhibit A", and by this reference made a part of hereof.

2. The Project Description and Deliverables are as follows:

Description: Design, acquire right-of-way (ROW) for, and construct a widened right turn lane at the intersection of Union Mills Rd and OR-213

Deliverables:

- Construct approximately 300-foot right-turn lane westbound on Union Mills Rd
 - Right-of-way acquisition to accommodate widening
 - Landscaping and sign replacement
3. Both Parties agree that an amendment to this Agreement is required if any changes are made to the project as described in Project Description and Deliverables.
 4. The Project shall be conducted as a part of the Multimodal Transportation Enhance Program (MTEP) with funds provided under Title 23, United States Code and may include a combination of federal and state funds. The Total Project Cost is estimated at \$900,484, which is subject to change. MTEP federal and state funding for this Project shall be limited to \$808,004. Agency shall be responsible for all remaining costs, including match and any non-participating costs, and all costs in excess of the available federal or state funds.
 5. The Funding Ratio for this Project is 89.73% MTEP funds to 10.27% Agency funds and applies to Project Underruns. The funding ratio does not apply in the case of Project Overruns.
 6. If, at the time of contract award or Project Closeout, the Project underruns the estimated Total Project Cost in this Agreement, MTEP funding and Other funds will be obligated proportionally based on the Funding Ratio. Any unused MTEP funds, will be retained by State, and will not be available for use by Agency for this Agreement or any other projects.
 7. Project Overruns which occur at the time of contract award, and or at the time of Project Closeout are the responsibility of the Agency.

8. Project decisions regarding design standards, design exceptions, utility relocation expenses, right of way needs, preliminary engineering charges, construction engineering charges, and contract change orders, as applicable shall be mutually agreed upon between the Agency and the State, as these decisions may impact the Total Project Cost. However, State may award a construction contract at ten (10) percent (%) over engineer's estimate without prior approval of Agency.
9. Agency shall fulfill the match requirement in accordance with provisions described in paragraph 8.c of the Federal Standard Provisions, attached hereto, marked "Attachment No. 2", and by this reference made a part hereof.
10. State will submit the requests for federal funding to Federal Highway Administration (FHWA). The federal funding for this Project is contingent upon approval of each funding request by FHWA. Any work performed prior to acceptance by FHWA or outside the scope of work will be considered nonparticipating and paid for at Agency expense.
11. This Agreement is contingent upon an amendment to the Statewide Transportation Improvement Program (STIP) to add the Project or adjust funding and a subsequent approval by the Oregon Transportation Commission (OTC). If the STIP amendment does not occur, this Agreement shall be considered null and void.
12. State considers Agency a subrecipient of the federal funds it receives as reimbursement under this Agreement. The Catalog of Federal Domestic Assistance (CFDA) number and title for this Project is 20.205, Highway Planning and Construction.
13. The term of this Agreement shall begin on the date all required signatures are obtained and shall terminate upon completion of the Project and final payment or ten (10) calendar years following the date all required signatures are obtained, whichever is sooner.
14. This Agreement may be terminated by mutual written consent of both Parties.
15. State may terminate this Agreement effective upon delivery of written notice to Agency, or at such later date as may be established by State, under any of the following conditions:
 - a. If Agency fails to provide services called for by this Agreement within the time specified herein or any extension thereof.

 - c. If Agency fails to provide payment of its share of the cost of the Project.
 - d. If State fails to receive funding, appropriations, limitations or other expenditure authority sufficient to allow State, in the exercise of its reasonable administrative discretion, to continue to make payments for performance of this Agreement.

- e. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or if State is prohibited from paying for such work from the planned funding source.
16. Agency may terminate this Agreement effective upon delivery of written notice to State, or at such later date as may be established by Agency, under any of the following conditions:
- a. If State fails to provide services called for by this Agreement within the time specified herein or any extension thereof.
 - b.  - c. If State fails to receive funding, appropriations, limitations or other expenditure authority sufficient to allow State, in the exercise of its reasonable administrative discretion, to continue to make payments for performance of this Agreement.
 - d. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or if State is prohibited from paying for such work from the planned funding source.
17. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the Parties prior to termination.
18. Subject to the limitations of liability for public bodies set out in the Oregon Tort Claims Act, ORS 30.260 to 30.200, and the Oregon Constitution, Agency agrees that in all instances where the loss or claim is attributable to the negligent acts or omissions of Agency in its performance of this agreement, Agency shall hold harmless, defend, and indemnify State, including its officers, agents, and employees, against all claims, demands, actions, and suits, including all attorney fees and costs.
19. Subject to the limitations of liability for public bodies set out in the Oregon Tort Claims Act, ORS 30.260 to 30.200, and the Oregon Constitution, State agrees that in all instances where the loss or claim is attributable to the negligent acts or omissions of State in its performance of this agreement, State shall hold harmless, defend, and indemnify Agency, including its officers, agents, and employees, against all claims, demands, actions, and suits, including all attorney fees and costs.
20. The Special and Standard Provisions attached hereto, marked Attachments 1 and 2, respectively, are by this reference made a part hereof. The Standard Provisions apply to all federal-aid projects and may be modified only by the Special Provisions. The Parties hereto mutually agree to the terms and conditions set forth in Attachments 1 and 2. In the event of a conflict, this Agreement shall control over the attachments, and Attachment 1 shall control over Attachment 2.

21. Agency, as a recipient of federal funds, pursuant to this Agreement with the State, shall assume sole liability for Agency's breach of any federal statutes, rules, program requirements and grant provisions applicable to the federal funds, and shall, upon Agency's breach of any such conditions that requires the State to return funds to FHWA, hold harmless and indemnify the State for an amount equal to the funds received under this Agreement; or if legal limitations apply to the indemnification ability of Agency, the indemnification amount shall be the maximum amount of funds available for expenditure, including any available contingency funds or other available non-appropriated funds, up to the amount received under this Agreement.
22. State and Agency hereto agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be invalid, unenforceable, illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.
23. Agency certifies and represents that the individual(s) signing this Agreement has been authorized to enter into and execute this Agreement on behalf of Agency, under the direction or approval of its governing body, commission, board, officers, members or representatives, and to legally bind Agency.

Each copy of this Agreement so executed shall constitute an original.
25. This Agreement and attached exhibits constitute the entire agreement between the Parties on the subject matter hereof. In the event of conflict, the body of this Agreement and the attached Exhibits will control over Project application and documents provided by Agency to State. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of State to enforce any provision of this Agreement shall not constitute a waiver by State of that or any other provision.

State, or the consultant, shall conduct the necessary field surveys, environmental studies, traffic investigations, foundation explorations, hydraulic studies, acquire necessary right of way and easements; obtain all required permits and arrange for all utility relocations/adjustments. State or the consultant shall conduct all work components necessary to complete the Project.
2. The State shall consult with the Agency prior to performing the right of way acquisition work.
3. Agency shall have the right to review all Project plans, legal descriptions and impact maps, specifications and cost estimates. Agency may, at project expense, review and approve, the documents related to the improvements located on Agency right of way prior to advertising for bids.
4. Upon State's award of the construction contract, State, or the consultant, shall be responsible for all required materials testing and quality documentation; and prepare necessary documentation with ODOT-qualified personnel, and State will make all contractor payments. Contract administration, construction engineering and inspection will follow the most current version of the ODOT Construction Manual and the ODOT Inspector's Manual.
5. Agency guarantees the availability of Agency funding in an amount required to fully fund Agency's share of the Project.
6. State will perform work throughout the duration of the Project and shall provide a preliminary estimate of State costs for this work. Prior to the start of each Project phase State shall provide an updated estimate of State costs for that phase. Such phases generally consist of Preliminary Engineering, Right of Way, Utility, and Construction. Agency understands that State's costs are estimates only and agrees to reimburse State for actual cost incurred per of this Agreement.
7. State and Agency agree that the useful life of this Project is defined as 20 years.
8. Agency grants State the right to enter onto Agency right of way for the performance of duties as set forth in this Agreement.
9. If Agency fails to meet the requirements of this Agreement or the underlying federal regulations, State may withhold the Agency's proportional share of Highway Fund distribution necessary to reimburse State for costs incurred by such Agency breach. Agency will be ineligible to receive or apply for any Title 23, United States Code funds until State receives full reimbursement of the costs incurred.

10. Prior to Contract Final Approval, Agency and State agree to conduct a final inspection of the Project together to determine if the project improvements were constructed in a manner consistent with the contract specifications and requirements and are acceptable to both Parties.
11. Agency shall, upon Contract Final Approval, accept all improvements on Agency facilities made by State on Agency's behalf and agrees to be responsible for ongoing maintenance of such improvements.
12. Maintenance responsibilities will survive any termination of this Agreement.

ATTACHMENT NO. 2 FEDERAL STANDARD PROVISIONS

PROJECT ADMINISTRATION

1. State (ODOT) is acting to fulfill its responsibility to the Federal Highway Administration (FHWA) by the administration of this Project, and Agency (i.e. county, city, unit of local government, or other state agency) hereby agrees that State shall have full authority to carry out this administration. If requested by Agency or if deemed necessary by State in order to meet its obligations to FHWA, State will act for Agency in other matters pertaining to the Project. Prior to taking such action, State will confer with Agency concerning actions necessary to meet federal obligations. State or its consultant, with Agency involvement shall, if necessary, appoint and direct the activities of a Citizen's Advisory Committee and/or Technical Advisory Committee, conduct a hearing and recommend the preferred alternative. State and Agency shall each assign a person in responsible charge "liaison" to coordinate activities and assure that the interests of both Parties are considered during all phases of the Project.
2. Any project that uses federal funds in project development is subject to plans, specifications and estimates (PS&E) review and approval by FHWA or State acting on behalf of FHWA prior to advertisement for bid proposals, regardless of the source of funding for construction.
3. State will provide or secure services to perform plans, specifications and estimates (PS&E), construction contract advertisement, bid, award, contractor payments and contract administration. A State-approved consultant may be used to perform preliminary engineering, right of way and construction engineering services.

PROJECT FUNDING REQUEST

4. State shall submit a separate written Project funding request to FHWA requesting approval of federal-aid participation for each project phase including a) Program Development (Planning), b) Preliminary Engineering (National Environmental Policy Act - NEPA, Permitting and Project Design), c) Right of Way Acquisition, d) Utilities, and e) Construction (Construction Advertising, Bid and Award). Any work performed prior to FHWA's approval of each funding request will be considered nonparticipating and paid for at Agency expense. State, the consultant or Agency shall not proceed on any activity in which federal-aid participation is desired until such written approval for each corresponding phase is obtained by State. State shall notify Agency in writing when authorization to proceed has been received from FHWA. All work and records of such work shall be in conformance with FHWA rules and regulations.

FINANCE

5. Federal funds shall be applied toward Project costs at the current federal-aid matching ratio, unless otherwise agreed and allowable by law. Agency shall be responsible for the entire match amount for the federal funds and any portion of the Project, which is not covered by federal funding, unless otherwise agreed to and specified in the intergovernmental Agreement (Project Agreement). Agency must obtain written approval from State to use in-kind

Agency/State
Agreement No

contributions rather than cash to satisfy all or part of the matching funds requirement. If federal funds are used, State will specify the Catalog of Federal Domestic Assistance (CFDA) number in the Project Agreement. State will also determine and clearly state in the Project Agreement if recipient is a subrecipient or vendor, using criteria in OMB CIRCULAR NO. A-133.

6. If the estimated cost exceeds the total matched federal funds available, Agency shall deposit its share of the required matching funds, plus 100 percent of all costs in excess of the total matched federal funds. Agency shall pay one hundred (100) percent of the cost of any item in which FHWA will not participate. If Agency has not repaid any non-participating cost, future allocations of federal funds or allocations of State Highway Trust Funds to Agency may be withheld to pay the non-participating costs. If State approves processes, procedures, or contract administration outside the Local Agency Guidelines Manual that result in items being declared non-participating by FHWA, such items deemed non-participating will be negotiated between Agency and State.
7. Agency agrees that costs incurred by State and Agency for services performed in connection with any phase of the Project shall be charged to the Project, unless otherwise mutually agreed upon by the Parties.
8. Agency's estimated share and advance deposit.
 - a) Agency shall, prior to commencement of the preliminary engineering and/or right of way acquisition phases, deposit with State its estimated share of each phase. Exception may be made in the case of projects where Agency has written approval from State to use in-kind contributions rather than cash to satisfy all or part of the matching funds requirement.
 - b) Agency's construction phase deposit shall be one hundred ten (110) percent of Agency's share of the engineer's estimate and shall be received prior to award of the construction contract. Any additional balance of the deposit, based on the actual bid must be received within forty-five (45) days of receipt of written notification by State of the final amount due, unless the contract is cancelled. Any balance of a cash deposit in excess of amount needed, based on the actual bid, will be refunded within forty-five (45) days of receipt by State of the Project sponsor's written request.
 - c) Pursuant to Oregon Revised Statutes (ORS) 366.425, the advance deposit may be in the form of 1) money deposited in the State Treasury (an option where a deposit is made in the Local Government Investment Pool), and an Irrevocable Limited Power of Attorney is sent to State's Active Transportation Section, Funding and Program Services Unit, or 2) an Irrevocable Letter of Credit issued by a local bank in the name of State, or 3) cash.
9. If Agency makes a written request for the cancellation of a federal-aid project; Agency shall bear one hundred (100) percent of all costs incurred as of the date of cancellation. If State was the sole cause of the cancellation, State shall bear one hundred (100) percent of all costs incurred. If it is determined that the cancellation was caused by third parties or circumstances beyond the control of State or Agency, Agency shall bear all costs, whether incurred by State or Agency, either directly or through contract services, and State shall bear any State

Agency/State
Agreement No

administrative costs incurred. After settlement of payments, State shall deliver surveys, maps, field notes, and all other data to Agency.

10. Agency shall follow requirements stated in the Single Audit Act. The requirements stated in the Single Audit Act must be followed by those local governments and non-profit organizations receiving five hundred thousand (\$500,000) or more in federal funds. The Single Audit Act of 1984, PL 98-502 as amended by PL 104-156, described in "OMB CIRCULAR NO. A-133", requires local governments and non-profit organizations to obtain an audit that includes internal controls and compliance with federal laws and regulations of all federally-funded programs in which the local agency participates. The cost of this audit can be partially prorated to the federal program.
11. Agency shall make additional deposits, as needed, upon request from State. Requests for additional deposits shall be accompanied by an itemized statement of expenditures and an estimated cost to complete the Project.
12. Agency shall present invoices for one hundred (100) percent of actual costs incurred by Agency on behalf of the Project directly to State's Liaison for review, approval and reimbursement to Agency. Costs will be reimbursed consistent with federal funding provisions and the Project Agreement. Such invoices shall identify the Project by the name of the Project Agreement, reference the Project Agreement number, and shall itemize and explain all expenses for which reimbursement is claimed. Invoices shall be presented for periods of not less than one-month duration, based on actual expenses to date. All invoices received from Agency must be approved by State's Liaison prior to payment. Agency's actual costs eligible for federal-aid or State participation shall be those allowable under the provisions of the Federal-Aid Policy Guide (FAPG), Title 23 CFR parts 1.11, 140 and 710. Final invoices shall be submitted to State for processing within three (3) months from the end of each funding phase as follows: a) preliminary engineering, which ends at the award date of construction b) last payment for right of way acquisition and c) contract completion for construction. Partial billing (progress payment) shall be submitted to State within three (3) months from date that costs are incurred. Final invoices submitted after the three (3) months shall not be eligible for reimbursement. Agency acknowledges and agrees that State, the Oregon Secretary of State's Office, the federal government, and their duly authorized representatives shall have access to the books, documents, papers, and records of Agency which are directly pertinent to the Project Agreement for the purpose of making audit, examination, excerpts, and transcripts for a period ending on the later of six (6) years following the date of final voucher to FHWA or after resolution of any disputes under the Project Agreement. Copies of such records and accounts shall be made available upon request. For real property and equipment, the retention period starts from the date of disposition (Title 49 CFR part 18 subpart 42).
13. Agency shall, upon State's written request for reimbursement in accordance with Title 23, CFR part 630.112(c) 1 and 2, as directed by FHWA, reimburse State for federal-aid funds distributed to Agency if any of the following events occur:
 - a) Right of way acquisition is not undertaken or actual construction is not started by the close of the twentieth federal fiscal year following the federal fiscal year in which the federal-aid funds were authorized for right of way acquisition. Agency may submit a written request to State's Liaison for a time extension beyond the twenty (20) year limit with no repayment of federal funds and State

will forward the request to FHWA. FHWA may approve this request if it is considered reasonable.

- b) Right of way acquisition or actual construction of the facility for which preliminary engineering is undertaken is not started by the close of the tenth federal fiscal year following the federal fiscal year in which the federal-aid funds were authorized. Agency may submit a written request to State's Liaison for a time extension beyond the ten (10) year limit with no repayment of federal funds and State will forward the request to FHWA. FHWA may approve this request if it is considered reasonable.

- 14. State shall, on behalf of Agency, maintain all Project documentation in keeping with State and FHWA standards and specifications. This shall include, but is not limited to, daily work records, quantity documentation, material invoices and quality documentation, certificates of origin, process control records, test results, and inspection records to ensure that the Project is completed in conformance with approved plans and specifications.
- 15. State shall submit all claims for federal-aid participation to FHWA in the normal manner and compile accurate cost accounting records. State shall pay all reimbursable costs of the Project. Agency may request a statement of costs-to-date at any time by submitting a written request. When the actual total cost of the Project has been computed, State shall furnish Agency with an itemized statement of final costs. Agency shall pay an amount which, when added to said advance deposit and federal reimbursement payment, will equal one hundred (100) percent of the final total actual cost. Any portion of deposits made in excess of the final total costs of the Project, minus federal reimbursement, shall be released to Agency. The actual cost of services provided by State will be charged to the Project expenditure account(s) and will be included in the total cost of the Project.

STANDARDS

- 16. Agency and State agree that minimum design standards on all local agency jurisdictional roadway or street projects on the National Highway System (NHS) and projects on the non-NHS shall be the American Association of State Highway and Transportation Officials (AASHTO) standards and be in accordance with State's Oregon Bicycle & Pedestrian Design Guide (current version). State or the consultant shall use either AASHTO's A Policy on Geometric Design of Highways and Streets (current version) or State's Resurfacing, Restoration and Rehabilitation (3R) design standards for 3R projects. State or the consultant may use AASHTO for vertical clearance requirements on Agency's jurisdictional roadways or streets.
- 17. Agency agrees that if the Project is on the Oregon State Highway System or State-owned facility, that design standards shall be in compliance with standards specified in the current ODOT Highway Design Manual and related references. Construction plans for such projects shall be in conformance with standard practices of State and all specifications shall be in substantial compliance with the most current Oregon Standard Specifications for Highway Construction and current Contract Plans Development Guide.
- 18. State and Agency agree that for all projects on the Oregon State Highway System or State-owned facility any design element that does not meet ODOT Highway Design Manual design standards must be justified and documented by means of a design exception. State and Agency further agrees that for all projects on the NHS, regardless of funding source; any

design element that does not meet AASHTO standards must be justified and documented by means of a design exception. State shall review any design exceptions on the Oregon State Highway System and retains authority for their approval. FHWA shall review any design exceptions for projects subject to Focused Federal Oversight and retains authority for their approval.

19. Agency agrees all traffic control devices and traffic management plans shall meet the requirements of the current edition of the Manual on Uniform Traffic Control Devices and Oregon Supplement as adopted in Oregon Administrative Rule (OAR) 734-020-0005. State or the consultant shall, on behalf of Agency, obtain the approval of the State Traffic Engineer prior to the design and construction of any traffic signal, or illumination to be installed on a state highway pursuant to OAR 734-020-0430.
20. The standard unit of measurement for all aspects of the Project shall be English Units. All Project documents and products shall be in English. This includes, but is not limited to, right of way, environmental documents, plans and specifications, and utilities.

PRELIMINARY & CONSTRUCTION ENGINEERING

21. Preliminary engineering and construction engineering may be performed by either a) State, b) State-approved consultant, or c) certified agency. Engineering work will be monitored by State or certified agency to ensure conformance with FHWA rules and regulations. Project plans, specifications and cost estimates shall be performed by either a) State, b) State-approved consultant or c) certified agency. State shall review and approve Project plans, specifications and cost estimates. State shall, at project expense, review, process and approve, or submit for approval to the federal regulators, all environmental statements. State shall, offer Agency the opportunity to review and approve the documents prior to advertising for bids.
22.
