BACKGROUND:

Street lighting is a condition of approval for new developments within Service District No. 5. As such, it has been included as a condition of approval for this development. Even though commercial/multi-family assessment areas may be comprised of only one to several tax lots, they frequently encompass significant stretches of road frontage in areas that will benefit significantly from street lighting. Notice of the time and place of the hearing was mailed by first class mail to the current addresses as listed by the Clackamas County Assessment office. The notice specifically noted that a public hearing was scheduled for February 25, 2016, to hear objections or file a remonstrance to approval of the new assessment area. Pursuant to statute, a minimum of 50% of the affected property owners must remonstrate to deny the formation of the new assessment area.

RECOMMENDATION:

If remonstrances from more than 50% of the property owners in the proposed assessment area for street lighting *are not* received by the end of the public hearing, it is recommended that the Board of County Commissioners, acting in the capacity of governing board for Clackamas County Service District No. 5, approve this Order which will allow Clackamas County Service District No. 5 to proceed with the formation of a new assessment area for street lighting.

Respectfully submitted,

Wendi Coryell, Service District Specialist, CCSD#5
