BACKGROUND:

This program, legislated in 1999 as ORS 306.135, provides for the funding from the State Department of Revenue for GIS digital tax lot capture and the creation of digital Assessor's tax lot maps. The ORMAP program collects \$1.00 for each recorded land related document from all Oregon Counties. These funds go into a pool administered by the Oregon State Department of Revenue. Funds are distributed to Counties based on competitive grant applications twice a year. This contract represents our Spring 2016 award of our grant request for continuing work on the capture of tax lot lines and annotation from survey documents and converting that information to a digital GIS database as spelled out by Oregon Department of Revenue standards.

The product created by funds from this IGA contract benefits the County, the State, and most importantly, the public. Having an accurate ownership GIS layer allows uses of the data to make more informed decisions and provides a more accurate base map for other GIS map data.

This project is a collaborative effort between the Clackamas County's Assessor's Office and the GIS Division of the Technology Services Department. Also assisting in this effort is the County's Surveyor. County Counsel has reviewed these on-going ORMAPP contracts and has approved as to form.

RECOMMENDATION:

Staff respectfully recommends that the Board of County Commissioners approves Intergovernmental Agreement Contract # 3536-16 with the State of Oregon Department of Revenue for the continued conversion of paper survey documents and Assessment maps to a digital GIS database.

Respectfully submitted,

David Cummings
Chief Information Officer

**DEPARTMENT OF REVENUE
ORMAP INTERGOVERNMENTAL AGREEMENT
CONTRACT #3536-16**

This Agreement is entered into by and between the State of Oregon, acting by and through the Department of Revenue ("Department") and Clackamas County ("County").

WHEREAS, under ORS 306.135 the Department is charged with developing a base map system to facilitate and improve the administration of the ad valorem property tax system;

WHEREAS, pursuant to ORS 190.110, the Department may cooperate, by agreement or otherwise, with a unit of local government in performing the duties imposed upon it by ORS 306.135.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Department and the County agree to the following:

I. EFFECTIVE DATE OF AGREEMENT; AWARD; PROJECT COMPLETION

- A. Effective Date of Agreement. This Agreement shall become effective on the date this Agreement has been signed by every party and all approvals required by the State have been obtained.

- B. Award. The Department shall provide funds in the amount of **\$42,000.00** to the County to fund all or part of the activities set forth in Exhibit A ("Proposal") which is attached hereto and by this reference made a part hereof. The part of the activities set forth in the Proposal which is funded by the Award shall be called the "Project". All of the activities set forth in the Proposal, whether funded by the Department or by other sources, shall be referred to as the "Total Project". (If there are no other funders beside the Department for the activities described in the Proposal, the Total Project is the same as the Project.) The Department shall not be obligated to provide to the County, and the County shall not use, any funds described in this Section other than for costs for the Project.

- C. Project Completion. County agrees to complete the Total Project in accordance with the terms and specifications of the Proposal by **June 30, 2017** ("Project Completion Date"). Final billing for the Project shall be submitted to the Department on or before *July 31, 2017*.

II. DISBURSEMENTS.

- A. Disbursement of Funds by the Department. Subject to Section IV, upon receipt of the County's request for disbursement, the Department shall disburse funds to the County on a cost reimbursement basis. The Department may, in its sole discretion, impose a minimum or maximum dollar amount for each disbursement request or limit the frequency of disbursement requests.
- B. Overpayment. In the event that the aggregate amount of the Department's disbursements hereunder exceeds the costs of the County for the Project, the County agrees to refund to the Department the amount paid in excess of such costs within thirty (30) days of final billing by the County or the Project Completion Date, whichever is earlier.
- C. Disallowed Costs. The County agrees that payment(s) under this Agreement shall be subject to offset or reduction for amounts previously paid hereunder which are found by the Department not to constitute allowable costs under this Agreement. If such disallowed amount exceeds the payment(s); the County shall immediately upon demand pay the Department the amount of such excess.
- D. Cost Savings. Any cost savings realized on the Total Project shall be prorated between the funding sources based on the percentage of their respective cash contributions as set forth in the Proposal. In no event shall the Department pay for more than its pro rata share of the County's actual out-of-pocket cost of the Total Project.
- E. No Duplicate Payment. The County shall not be compensated for, or receive any other duplicate, overlapping or multiple payments for the same work performed under this Agreement from any agency of the State of Oregon or the United States of America or any other party.

III. REPRESENTATIONS AND WARRANTIES

County represents and warrants to the Department that (1) it has the power and authority to enter into and perform this Agreement, (2) this Agreement, when executed and delivered, shall be a valid and binding obligation of County enforceable in accordance with its terms, (3) the Total Project shall be performed in a good and workmanlike manner and in accordance with the highest professional standards, (4) those persons performing work on the Total Project shall, at all times during the term of this Agreement, be qualified, professionally competent and duly licensed to perform work on the Total Project, and (5) Exhibit A presents a good faith estimate of the costs of the Total Project and the Project and accurately states the amount of other funds, whether in cash or through binding commitment(s), available for payment of the costs of the Total Project.

IV. CONDITIONS TO DISBURSEMENT

- A. Conditions Precedent to Disbursement. The Department shall not be obligated to disburse any funds hereunder for Project costs unless (1) there exists no event of default or default which with notice or lapse of time or both will become an event of default hereunder, and (2) the Department has received from the County (i) a request for disbursement signed by a duly authorized representative of the County (which shall, among other things, state that the County has or will have sufficient funds to complete the Total Project by the Project Completion Date), (ii) an itemized invoice and (iii) such other documentation as the Department may require, all in form and substance satisfactory to the Department; further, the Department shall only be obligated to disburse Award funds to the extent that the portion of the Award represented by the aggregate amount of all disbursements made through the date of the disbursement request (including the amount of the disbursement request) does not exceed the percentage of the Project completed through the date of the disbursement request, as determined by the Department.
- B. Conditions Precedent to Final Disbursement. The Department shall not be obligated to make final disbursement hereunder until a final payment request and such documentation as may be required by the Department, all in form and substance satisfactory to the Department, shall be submitted by the County to the Department. Final payment will be made to the County within forty-five (45) days of approval by the Department.

V. COVENANTS

- A. Assignment. If the County hires a contractor(s) to do all or part of the Project, the County shall remain liable for compliance with the terms and conditions of this Agreement and shall not in any way be relieved of any of its obligations under this Agreement. The County shall be responsible for all cost overruns.
- B. Payments. To the extent required by state and federal law, the County agrees to:
1. Make payment promptly as due to all contractors, subcontractors, vendors and other persons supplying labor and/or materials for the Project; and
 2. All employers, including County, that employ subject workers, as defined in ORS 656.027, shall comply with ORS 656.017 and shall provide workers' compensation insurance coverage for those workers, unless they meet the requirement for an exemption under ORS 656.126(2).

County shall require and ensure that each of its subcontractors complies with these requirements.

- C. Liabilities. County shall perform its obligations under this Agreement as an independent contractor. Each party shall be responsible exclusively with respect to its employees, for providing for employment-related benefits and deductions that are required by law, including but not limited to federal and state income tax deductions, workers' compensation coverage, and contributions to the Public Employees Retirement System.

Each party shall be responsible, to the extent required by law (including the Oregon Tort Claims Act, ORS 30.260-30.300), only for the acts, omissions or negligence of its own officers, employees or agents.

- D. Compliance with Applicable Law. The County shall comply with all federal, state and local laws, regulations, executive orders and ordinances applicable to this Agreement. The Department's performance under this Agreement is conditioned upon the County's compliance with the provisions of ORS 279B.220, 279B.235, 279B.230 and 279B.270, as amended from time to time, which are incorporated by reference herein. The parties shall, to the maximum extent economically feasible in the performance of this Agreement, use recycled paper (as defined in ORS 279A.010(ee)), recycled PETE products (as defined in ORS 279A.010(ff)), and other recycled products (as "recycled product" is defined in ORS 279A.010(gg))
- E. Records Maintenance. The County shall maintain all fiscal records relating to this Agreement in accordance with generally accepted accounting principles. In addition, the County shall maintain any other records pertinent to this Agreement in such a manner as to clearly document the County's performance. The County's accounting procedures shall provide for an accurate and timely recording of receipt of funds by source, of expenditures made from such funds, and of unexpended balances. Controls shall be established which are adequate to ensure that all expenditures reimbursed under this Agreement are for allowable purposes and that documentation is readily available to verify that such charges are accurate.
- F. Access. The County acknowledges and agrees that the Department and the Oregon Secretary of State's Office and the federal government and their duly authorized representatives shall have access to such fiscal records and other books, documents, papers, plans and writings of the County that are pertinent to this Agreement to perform examinations and audits and make copies, excerpts and transcripts. The County shall retain and keep accessible all such fiscal records, books, documents, papers, plans and writings for a minimum of five (5) years, or such longer period as may be required by applicable law, following final payment under this Agreement, or until the conclusion of any

audit, controversy, or litigation arising out of or related to this Agreement, whichever date is later.

- G. Project Ownership. The Department acknowledges and agrees that the Project is the exclusive property of the County. The County acknowledges and agrees that the Department is not responsible or liable in any manner for the completion or maintenance of the Project or Total Project.

VI. TERMINATION; REMEDIES

- A. Termination for Convenience. Either party may terminate this Agreement at any time upon thirty (30) days prior written notice to the other party; provided, however, that the County shall, within thirty (30) days of such termination, reimburse the Department for all funds disbursed by the Department hereunder to the extent that the amount of funds disbursed exceeds the amount of the Award multiplied by the percentage of the Project completed to the satisfaction of the Department; provided further that until the County has fully reimbursed the Department for such funds, the County shall comply with the terms of this Agreement.
- B. Termination Because of Non-Appropriation or Project Ineligibility.
1. The Department, at any time upon prior written notice to the County, may terminate this Agreement if the Department fails to receive funding or appropriations, limitations, or other expenditure authority at levels sufficient to allow Agency, in the exercise of its reasonable administrative discretion, to pay for the allowable costs of the Project to be funded hereunder or any state law, regulation or guideline is modified, changed or interpreted in such a way that the Total Project, or any portion of the Total Project, is no longer eligible for Award funds.
 2. In the event insufficient funds are appropriated by the County for its share of the costs of the Total Project and the County has no other lawfully available funds, then the County may terminate this Agreement at the end of its current fiscal year, with no further liability to the Department. The County shall deliver to the Department written notice of such termination within thirty (30) days of its determination of such shortfall.
- C. Termination for Default. The Department may, at any time upon thirty (30) days prior written notice to the County, terminate this Agreement if:
1. The design and implementation of the Total Project is not pursued with due diligence; or

2. The cadastral portions of the Total Project do not conform to the Department of Revenue Oregon Cadastral Map System; or
 3. The County fails to receive funding for portions of the Total Project from outside sources as described in its Proposal; or
 4. The County, without the prior written approval of the Department, uses the funds provided by the Department hereunder in a way other than the Project described in the Proposal.
 5. The County violates any other provision of this Agreement.
- D. Rights and Remedies. The County shall, within thirty (30) days of its receipt of the notice described in Section VI.C above, reimburse the Department for all funds disbursed hereunder to the extent that the funds disbursed exceed the amount of the Award multiplied by the percentage of the Project completed to the satisfaction of the Department as of the date of County's receipt of the notice described in Section VI.C above. Further, the Department shall have any and all rights and remedies available at law or in equity.

VII. GENERAL PROVISIONS

- A. Force Majeure. Neither the Department nor the County shall be held responsible for delay or failure to perform when such delay or failure is due to fire, flood, epidemic, strike, public carrier, act of God, act of a public enemy or a public authority or a cause which cannot be reasonably foreseen or provided against.

- E. Severability. The Department and the County agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Agreement did not contain the particular term or provisions held to be invalid.
- F. Notice. Except as otherwise expressly provided in this Agreement, any communications between the parties hereto or notices to be given hereunder shall be given in writing by personal delivery, facsimile, or mailing the same, postage prepaid, to the Department or the County at the address or number set forth on the signature page of this Agreement, or to such other addresses or numbers as either party may hereafter indicate pursuant to this Section. Section III. Detail Project Information –Answer all questions

A. Overview

1. Describe what the project is trying to accomplish.

Clackamas County is continuing to undergo a taxlot enhancement project to increase the relative precision of our current tax lot GIS data layer. Though Clackamas County has a complete digital GIS tax lot layer, some of the previous GIS mapping efforts are simply cartoon representations of ownership tax lots and have a wide level of accuracy confidence. Hence, the focus of this project is to complete re-mapping tax lots in the County to meet the accuracy levels described in ORMAP technical specifications.

2. What part(s) of the county does this project cover (Township, Range, and Sections, if applicable)?

The project will cover newly created urban and existing rural and resource tax lots in selected parts of the County where acceptable survey ground control exists. As new subdivisions are created, urban tax lots are re-mapped into the GIS database.

3. What is the status/outcome of all previously funded ORMAP projects? (Please include funding cycles and a “status map” of your county.)

Prior to the Fall 2006 ORMAP contract, all efforts were to re-map urban tax lots. Since then, beginning with the Spring 2007 contract, the efforts have shifted to rural tax lots. However, as new urban tax lots are created, those are immediately brought into the digital GIS database to ORMAP standards. You will notice that the number of tax lots have decreased since the last grant proposal for Fall of 2015. This is due to Assessment and Taxation cleaning up split parcels and vacating old subdivisions. A breakdown of our status of the funded projects is as follows:

Urban/UGB Tax Lots: (\$270,500 approved funding - previous contracts since the inception of ORMAP not including the contracts below)

Total Urban Tax Lots:	111,024
Tax Lots Completed (COGO, rectified, and annotated)	111,024 (100%)

Rural Tax Lots: (\$384,215 approved funding, contracts 1801, 1849, 1922, 2295, 2351, 2421, 2467, 2507, 2876, 2966, 2995, 3036, 3064, 3107, 3150, 3374, 3436-15)

Total Rural Tax Lots:	45,668
Tax Lots Completed:	34,251 (75%)

Resource Tax Lots: (no funding specifically requested)

Total Resource Tax Lots:	931
Tax Lot Completed:	488 (52%)

4. Describe, in detail, your technical approach to the project (such as, mapping methodology).

We will use COGO tools to re-map those areas that have suitable data. Trying to re-map every rural tax lot using COGO tools is not practical since actual surveys and plats are widely scattered in the rural area. In those areas where COGO tax lot capture is practical, high quality surveyed ground control will be acquired. The process and criteria used to COGO capture rural plats is modeled on the urban tax lot capture design we developed. These captured platted areas will act as “anchors” or a foundation as areas with known accuracy. Next, deeds, surveys, orthophotography, and existing tax lot maps are used to “fill in” the areas in-between the anchors. As we build

the rural tax lots between the anchors, ground control will be acquired more sparsely to insure the non-platted rural tax lots are within ORMAP accuracy standards. COGO methods will be used whenever practical. The use of ESRI's Parcel Fabric also will be used whenever possible.

5. Describe the project deliverables.

This project will deliver 1500 additional re-mapped tax lots, fully annotated, using our technical approach and rectified to control meeting ORMAP rural tax lot standards. As new subdivisions are created, typically in the urban areas, those tax lots are mapped to ORMAP urban standards.

6. Who will be doing the work (county staff, contractor, or DOR staff)? Please define their roles.

County staff is used to complete 100% of this project. They will capture, annotate, and QC tax lots to ORMAP standards.

7. How will the county cartographer integrate the deliverables into the County's maintenance plan?

This project develops the base digital GIS base layer for tax lots. Once created, the County Cartographer will use various tools developed for tax lot maintenance to update any changes that might occur for the tax lots re-mapped in this project. The projects deliverables will be part of the overall countywide GIS tax lot layer. The deliverables from this project will be used to create the tax maps, directed exclusively by the County Cartographer.

8. Provide a project timeline with milestones or completion dates.

To date, all urban tax lots are completed. As urban tax lots are created during this project period, those are completed. This project deals only with rural tax lots, of which 75% are completed. Based on current resources and anticipated ORMAP funding, we estimate completion of Goal 4 in December 2019. Thus far, we have remapped to ORMAP specifications 92% of the total. To date, 145,763 tax lots have been captured and annotated in our GIS, leaving approximately 11,860 tax lots comprising rural and resource level tax lots to complete.

Milestones are defined as the completion of each of these tasks within each phase.

- Plats are gathered from source County offices
- Capture plats and surveys with the most appropriate method (COGO or digitizing)
- Plats and surveys are quality controlled
- Work with the County Surveyor to acquire ground control
- Tie plats and surveys to ground control
- Annotation
- Final quality control

9. Does this project have any partnerships? If yes, please identify them.

Yes. The deliverables from this project are used by many agencies as a base to map infrastructure and other details. Typical agencies outside the County who have entered into partnership agreements include cities, water districts, utilities providers, school districts, community planning organizations, and a variety of state and federal agencies. Additionally, Clackamas County has developed boundary agreements with all our County neighbors. We have agreements covering 100% of the area that bounds our county.

10. Describe any innovations utilized by this project.

We use the tools developed by the ORMAP tools group and have participated in that group from its inception either to be part of the application development team or as a test group. We are also using the latest tools developed by ESRI to stay current with ArcGIS releases. Finally, the deliverables from this project are allowing the Assessor's Cartographers to retire the old mylar tax maps and completely replace them with a digital product. Recently, we started utilizing ESRI's Parcel Fabric schema.

11. Detail Costs (who is paying for what).

Approximately 48% of this project is paid by ORMAP funding. The remaining will come from County resources. The County's Survey Office is providing ground control at county expense. The County Assessor's

Office provides labor to input new plats for the maintenance portion of the over-all ORMAP project plus QC. Direct staff time on the ORMAP project will comprise the bulk of expenses for this project and will be evenly split between the County and ORMAP.

B. Quality Control

1. Who will be responsible for quality control (QC)?

All Quality Control is the responsibility of Clackamas County’s Departments of Assessment and Taxation and Technology Services, GIS Division.

2. Will county cartography staff review the deliverables?

Yes. The cartography staff in the Assessor’s Office performs the final QC. They insure all components are present and correct for map production to DOR and Clackamas County standards.

3. Will there be a review by Department of Revenue’s cartography staff?

That is arranged by A&T cartographers. DOR Cartography staff has come to the county to review our technique and process and are always welcome to see what we are doing with tax lot capture.

4. Describe QC procedures.

The quality control process is very extensive. A quality control checklist was developed for those entering COGO information and for those checking it. Ground control is evaluated as to its level of survey accuracy for the plat rectification process. If customary ground control is not available, rectified orthophotos are used. Plats controlled in this manor will be revisited when better ground control is obtained. Plats are never rubber sheeted. The County Surveyor resolves any errors that occur when rectifying to ground control (i.e. gaps and overlaps). In summary, all quality control efforts will meet or exceed ORMAP Technical Specifications.

C. Project Detail

1. Is this project an “edge matching project”? If so, how much of the county boundary will be completed?

No. 100% of edge matching has been completed with surrounding counties with prior projects and we have agreements with all our neighbors.

2. Is this project part of an ongoing or multi-phased remapping project?

Yes, this project is a continuation of our on-going re-mapping project as outlined in our Business Plan.

3. What percentage of the county tax lots and tax maps meet the ORMAP technical specifications?

	Total Countywide	Meet Tech Specs	Percent Complete
Taxlots	157,623	145,763	92.5%
Tax Maps	3,360	1,844	54.9%

4. Upon completion of this project will your county meet goal 6 (100% of tax maps meeting technical specification)?
