## SECTION 2 INSTRUCTIONS TO PROPOSERS

Clackamas County (“County”) reserves the right to reject any and all Proposals received as a result of this RFP. County Local Contract Review Board Rules (“LCRB”) govern the procurement process for the County.

**2.1 Modification or Withdrawal of Proposal:** Any Proposal may be modified or withdrawn at any time prior to the Closing deadline, provided that a written request is received by the County Procurement Division Director, prior to the Closing. The withdrawal of a Proposal will not prejudice the right of a Proposer to submit a new Proposal.

**2.2 Requests for Clarification and Requests for Change:** Proposers may submit questions regarding the specifications of the RFP. Questions must be received in writing on or before 5:00 p.m. (Pacific Time), on the date indicated in the Schedule, at the Procurement Division address as listed in Section 1 of this RFP. Requests for changes must include the reason for the change and any proposed changes to the requirements. The purpose of this requirement is to permit County to correct, prior to the opening of Proposals, RFP terms or technical requirements that may be unlawful, improvident or which unjustifiably restrict competition. County will consider all requested changes and, if appropriate, amend the RFP. County will provide reasonable notice of its decision to all Proposers that have provided an address to the Procurement Division for this procurement. No oral or written instructions or information concerning this RFP from County managers, employees or agents to prospective Proposers shall bind County unless included in an Addendum to the RFP.

**2.3 Protests of the RFP/Specifications:** Protests must be in accordance with LCRB C-047-0730. Protests of Specifications must be received in writing on or before 5:00 p.m. (Pacific Time), on the date indicated in the Schedule, or within three (3) business days of issuance of any addendum, at the Procurement Division address listed in Section 1 of this RFP. Protests may not be faxed. Protests of the RFP specifications must include the reason for the protest and any proposed changes to the requirements.

**2.4 Addenda:** If any part of this RFP is changed, an addendum will be provided to Proposers that have provided an address to the Procurement Division for this procurement. It shall be Proposers responsibility to regularly check the Bids and Contract Information page at <http://www.clackamas.us/bids/> for any published Addenda or response to clarifying questions.

**2.5 Submission of Proposals:** All Proposals must be submitted in a sealed envelope bearing on the outside, the name and address of the Proposer, the project title, and Closing date/time. Proposals must be submitted in accordance with Section 5.

All Proposals shall be legibly written in ink or typed and comply in all regards with the requirements of this RFP. Proposals that include orders or qualifications may be rejected as irregular. All Proposals must include a signature that affirms the Proposer’s intent to be bound by the Proposal (may be on cover letter, on the Proposal, or the Proposal Response form) shall be signed. If a Proposal is submitted by a firm or partnership, the name and address of the firm or partnership shall be shown, together with the names and addresses of the members. If the Proposal is submitted by a corporation, it shall be signed in the name of such corporation by an official who is authorized to bind the contractor. The Proposals will be considered by the County to be submitted in confidence and are not subject to public disclosure until the notice of intent to award has been issued.

No late Proposals will be accepted. Proposals submitted after the Closing will be considered late and will be returned unopened. Proposals may not be submitted by telephone or fax.

**2.6 Post-Selection Review and Protest of Award:** County will name the apparent successful Proposer in a “Notice of Intent to Award” letter. Identification of the apparent successful Proposer is procedural only and creates no right of the named Proposer to award of the contract. Competing Proposers will be notified in writing of the selection of the apparent successful Proposer(s) and shall be given seven (7) calendar days from the date on the “Notice of Intent

to Award” letter to review the file at the Procurement Division office and file a written protest of award, pursuant to LCRB C-047-0740. Any award protest must be in writing and must be delivered by hand-delivery or mail to the address for the Procurement Division as listed in Section 1 of this RFP.

Only actual Proposers may protest if they believe they have been adversely affected because the Proposer would be eligible to be awarded the contract in the event the protest is successful. The basis of the written protest must be in accordance with ORS 279B.410 and shall specify the grounds upon which the protest is based. In order to be an adversely affected Proposer with a right to submit a written protest, a Proposer must be next in line for award, i.e. the protester must claim that all higher rated Proposers are ineligible for award because they are non-responsive or non-responsible.

County will consider any protests received and:

- a. reject all protests and proceed with final evaluation of, and any allowed contract language negotiation with, the apparent successful Proposer and, pending the satisfactory outcome of this final evaluation and negotiation, enter into a contract with the named Proposer; OR
- b. sustain a meritorious protest(s) and reject the apparent successful Proposer as nonresponsive, if such Proposer is unable to demonstrate that its Proposal complied with all material requirements of the solicitation and Oregon public procurement law; thereafter, County may name a new apparent successful Proposer; OR
- c. reject all Proposals and cancel the procurement.

**2.7 Acceptance of Contractual Requirements:** Failure of the selected Proposer to execute a contract and deliver required insurance certificates within ten (10) calendar days after notification of an award may result in cancellation of the award. This time period may be extended at the option of County.

**2.8 Public Records:** Proposals are deemed confidential until the “Notice of Intent to Award” letter is issued. This RFP and one copy of each original Proposal received in response to it, together with copies of all documents pertaining to the award of a contract, will be kept and made a part of a file or record which will be open to public inspection. If a Proposal contains any information that is considered a **TRADE SECRET** under ORS 192.501(2), **SUCH INFORMATION MUST BE LISTED ON A SEPARATE SHEET CAPABLE OF SEPARATION FROM THE REMAINING PROPOSAL AND MUST BE CLEARLY MARKED WITH THE FOLLOWING LEGEND:**

**“This information constitutes a trade secret under ORS 192.501(2), and shall not be disclosed except in accordance with the Oregon Public Records Law, ORS Chapter 192.”**

The Oregon Public Records Law exempts from disclosure only bona fide trade secrets, and the exemption from disclosure applies only “unless the public interest requires disclosure in the particular instance” ORS 192.500(1). Therefore, non-disclosure of documents, or any portion of a document submitted as part of a Proposal, may depend upon official or judicial determinations made pursuant to the Public Records Law.

**2.9 Investigation of References:** County reserves the right to investigate all references in addition to those supplied references and investigate past performance of any Proposer with respect to its successful performance of similar services, its compliance with specifications and contractual obligations, its completion or delivery of a project on schedule, its lawful payment of subcontractors and workers, and any other factor relevant to this RFP. County may postpone the award or the execution of the contract after the announcement of the apparent successful Proposer in order to complete its investigation.

**2.10 RFP Proposal Preparation Costs and Other Costs:** Proposer costs of developing the Proposal, cost of attendance at an interview (if requested by County), or any other costs are entirely the responsibility of the Proposer, and will not be reimbursed in any manner by County.

**2.11 Clarification and Clarity:** County reserves the right to seek clarification of each Proposal, or to make an award without further discussion of Proposals received. Therefore, it is important that each Proposal be submitted initially in the most complete, clear, and favorable manner possible.

**2.12 Right to Reject Proposals:** County reserves the right to reject any or all Proposals or to withdraw any item from the award, if such rejection or withdrawal would be in the public interest, as determined by County.

**2.13 Cancellation:** County reserves the right to cancel or postpone this RFP at any time or to award no contract.

**2.14 Proposal Terms:** All Proposals, including any price quotations, will be valid and firm through a period of one hundred and eighty (180) calendar days following the Closing date. County may require an extension of this firm offer period. Proposers will be required to agree to the longer time frame in order to be further considered in the procurement process.

**2.15 Oral Presentations:** At County's sole option, Proposers may be required to give an oral presentation of their Proposals to County, a process which would provide an opportunity for the Proposer to clarify or elaborate on the Proposal but will in no material way change Proposer's original Proposal. If the evaluating committee requests presentations, the Procurement Division will schedule the time and location for said presentation. Any costs of participating in such presentations will be borne solely by Proposer and will not be reimbursed by County. **Note:** Oral presentations are at the discretion of the evaluating committee and may not be conducted; therefore, **written Proposals should be complete.**

**2.16 Usage:** It is the intention of County to utilize the services of the successful Proposer(s) to provide services as outlined in the below Scope of Work.

**2.17 Review for Responsiveness:** Upon receipt of all Proposals, the Procurement Division or designee will determine the responsiveness of all Proposals before submitting them to the evaluation committee. If a Proposal is incomplete or non-responsive in significant part or in whole, it will be rejected and will not be submitted to the evaluation committee. County reserves the right to determine if an inadvertent error is solely clerical or is a minor informality which may be waived, and then to determine if an error is grounds for disqualifying a Proposal. The Proposer's contact person identified on the Proposal will be notified, identifying the reason(s) the Proposal is non-responsive. One copy of the Proposal will be archived and all others discarded.

**2.18 RFP Incorporated into Contract:** This RFP will become part of the Contract between County and the selected contractor(s). The contractor(s) will be bound to perform according to the terms of this RFP, their Proposal(s), and the terms of the Sample Contract.

**2.19 Communication Blackout Period:** Except as called for in this RFP, Proposers may not communicate with members of the Evaluation Committee or other County employees or representatives about the RFP during the procurement process until the apparent successful Proposer is selected, and all protests, if any, have been resolved. Communication in violation of this restriction may result in rejection of a Proposer.

**2.20 Prohibition on Commissions and Subcontractors:** County will contract directly with persons/entities capable of performing the requirements of this RFP. Contractors must be represented directly. Participation by brokers or commissioned agents will not be allowed during the Proposal process. Contractor shall not use subcontractors to perform the Work unless specifically pre-authorized in writing to do so by the County. Contractor represents that any employees assigned to perform the Work, and any authorized subcontractors performing the Work, are fully qualified to perform the tasks assigned to them, and shall perform the Work in a competent and professional manner. Contractor shall not be permitted to add on any fee or charge for subcontractor Work. Contractor shall provide, if requested, any documents relating to subcontractor's qualifications to perform required Work.

**2.21 Ownership of Proposals:** All Proposals in response to this RFP are the sole property of County, and subject to the provisions of ORS 192.410-192.505 (Public Records Act).

**2.22 Clerical Errors in Awards:** County reserves the right to correct inaccurate awards resulting from its clerical errors.

**2.23 Rejection of Qualified Proposals:** Proposals may be rejected in whole or in part if they attempt to limit or modify any of the terms, conditions, or specifications of the RFP or the Sample Contract.

**2.24 Collusion:** By responding, the Proposer states that the Proposal is not made in connection with any competing Proposer submitting a separate response to the RFP, and is in all aspects fair and without collusion or fraud. Proposer also certifies that no officer, agent, elected official, or employee of County has a pecuniary interest in this Proposal.

**2.25 Evaluation Committee:** Proposals will be evaluated by a committee consisting of representatives from County and potentially external representatives. County reserves the right to modify the Evaluation Committee make-up in its sole discretion.

**2.26 Commencement of Work:** The contractor shall commence no work until all insurance requirements have been met, the Protest of Awards deadline has been passed, any protest have been decided, a contract has been fully executed, and a Notice to Proceed has been issued by County.

**2.27 Best and Final Offer:** County may request best and final offers from those Proposers determined by County to be reasonably viable for contract award. However, County reserves the right to award a contract on the basis of initial Proposal received. Therefore, each Proposal should contain the Proposer's best terms from a price and technical standpoint. Following evaluation of the best and final offers, County may select for final contract negotiations/execution the offers that are most advantageous to County, considering cost and the evaluation criteria in this RFP.

**2.28 Nondiscrimination:** The successful Proposer agrees that, in performing the work called for by this RFP and in securing and supplying materials, contractor will not discriminate against any person on the basis of race, color, religious creed, political ideas, sex, age, marital status, sexual orientation, gender identity, veteran status, physical or mental handicap, national origin or ancestry, or any other class protected by applicable law.

**2.29 Intergovernmental Cooperative Procurement Statement:** Pursuant to ORS 279A and LCRB, other public agencies shall have the ability to purchase the awarded goods and services from the awarded contractor(s) under terms and conditions of the resultant contract. Any such purchases shall be between the contractor and the participating public agency and shall not impact the contractor's obligation to County. Any estimated purchase volumes listed herein do not include other public agencies and County makes no guarantee as to their participation. Any Proposer, by written notification included with their Proposal, may decline to extend the prices and terms of this solicitation to any and/or all other public agencies. County grants to any and all public serving governmental agencies, authorization to purchase equivalent services or products described herein at the same submitted unit bid price, but only with the consent of the contractor awarded the contract by the County.

## **SECTION 3 SCOPE OF WORK**

### **3.1 INTRODUCTION**

Clackamas County on behalf of its Community Solutions Division (“CSD”) is seeking proposals from experienced and licensed contractors to provide specialty work such as plumbing, electrical, HVAC, water heater, and roofing services to increase energy efficiency of low-income client homes. To achieve this goal, CSD is establishing a list of contractors qualified to perform these specialty services. The list will be used by CSD as a preferred vendors list to provide bids and quotes for specialty work in privately owned scattered site single family dwellings and manufactured homes throughout Clackamas County.

**Please direct all Technical/Specifications or Procurement Process Questions to the indicated representative referenced in the Notice of Request for Proposals and note the communication restriction outlined in Section 2.19.**

### **3.2 BACKGROUND**

The Community Solutions Division of the County’s Health, Housing and Human Services has been delivering weatherization services for over 35 years. The mission of CSD is to enhance the quality of life for individuals and families.

The mission of the low-income Single-family weatherization program (“SFWP”) is to increase the livability of homes through specified installation methods adopted by the County. Weatherization services are provided to approximately 125 low-income households per year.

### **3.3 MINIMUM QUALIFICATIONS**

Minimum Qualifications: In order to be eligible to be included on the preferred vendor list, contracting firms must:

1. Have a minimum of 5 years’ experience performing the type of services under this RFP.
2. Must have experience in occupied residence work.
3. Must have personnel policies that provide for professional conduct with customers, anti-drug policies, safety controls, and other policies that ensure that services are provided in the utmost professional manner.

#### **3.3.1 SPECIAL CONSIDERATIONS**

It is the expectation of County and the weatherization program that:

- All residents receiving specialty trade services will be treated with dignity and respect; and
- The SFWP serves to meet our stated goals of reducing household energy burden, provide safe and affordable housing in the community, and strengthening community support systems for vulnerable populations.

## **SCOPE OF WORK**

### **3.4 Work Order Assignment**

The County will develop Work Orders (“WO”) based on a site visit. Assuming that a Contractor is eligible to receive an award of work, a work order will be awarded on best value to the first available Contractor subject to acceptance of the work.

In the event that a WO requires measures that are not included in existing pricing, or requires measures that vary from standard bidding specifications, the County may, at the County’s sole discretion, request WO specific pricing from all eligible Contractors. Such action will be for this specific WO only and will not result in the recalculation of the original proposer pricing.

#### **3.4.1 Work Cap**

The County, at its sole discretion, may limit assigned work based on the response time of a Contractor. We understand that circumstances may arise that cause a Contractor to refuse WO’s. A Contractor may refuse a WO for any reason, in which case it will be offered to the next best value and available Contractor until the work is awarded.

#### **3.4.2 Target Population Served**

The target populations to be served by this RFP are low-income households, living within the County. All households served will have qualified via the County’s application process, been referred for audit from an approved County waiting list, and been audited by the County.

#### **3.4.3 Geographic Borders / Limitations & Service Areas**

Work may be assigned to awarded Contractors anywhere within the geographic borders of the County, regardless of where the awarded contractors’ offices or employees are physically located.

#### **3.4.4 Funding**

CSD has budgeted an estimated \$250K annually, subject to change from one budget cycle to the next, for this specialty work. Funding sources for the program include Federal, state, and local dollars. This estimate is offered solely for information purposes and is not a guarantee of work. Funding amount described in this solicitation is not guaranteed.

## **3.5 SCOPE OF SERVICES**

### **3.5.1 General Provisions**

The Contractor will furnish all materials, supplies, tools, equipment, labor, and other specialty specific services necessary to perform the work. The Contractor shall be solely responsible for all methods, techniques, safety precautions, and procedures and for coordinating all portions of the specialty specific WO including but not limited to the following:

- a. All applicable state and local building codes.
- b. Obtain and post all required permits.
- c. Manufacturer’s installation instructions.
- d. Provide any manufacturer’s installation, cleaning or maintenance instructions to occupant.
- e. Ensure occupant has knowledge to operate any new equipment.
- f. Remove and properly dispose existing materials or equipment.
- g. Leave worksite clean.
- h. Other contractual conditions and obligations specified in the job-specific WO.

Weatherization Specialty Contractors  
(Plumbing, Electrical, HVAC, Water Heater & Roofing)

It is understood that if any manufacturers' names, trade names, make, model, or catalog numbers are used in the WO descriptions, they are for the purpose of describing and establishing general quality levels. Such references are not intended to be restrictive. Equivalent / substitution items will be considered at the time of issuance of a WO or during the performance of work.

Items shall be new, current models of standard production, unless otherwise called for in the specifications or noted in the solicitation as a deviation or alternative, and shall be completely prepared for customer delivery and use through service by a factory franchised agent or dealer prior to delivery.

Item delivery shall include all pre-delivery inspection sheets, coupons, certificates, manuals, and warranty identification cards furnished to the trade in general, and all shall be properly completed and signed in agreement with industry standards.

All items of an electrical nature shall indicate the current UL listing, if any. In addition, any goods such as fire protection equipment, etc., or which there is a UL testing procedure, shall also include the UL listing, if any.

### **3.5.2 Price Escalation / De-Escalation**

Prices will remain the same throughout the contract period, except that the County may offer to adjust the prices to reflect increased or decreased labor or material costs as required. Contractors may submit documentation supporting substantial cost increases for labor or materials to the CSD for consideration. If the County determines a material price adjustment is appropriate, all contracts will be modified to reflect the new price for future WO's. The Contractor will not be able to otherwise reduce or increase vendor pricing on any item. Unit prices submitted by Contractor will not be allowed to be changed for the first (1st) year of the executed contract.

### **3.5.3 Hazardous Materials**

All materials that include solvents, paints, cleaning agents, chemicals, reagents, or other hazardous materials shall be labeled in agreement with Oregon Administrative Rule (OAR) 437 Division 2 Subdivision Z, et seq with product identifier, a signal word, hazard statements, precautionary statements, supplier identification, and pictograms. Those materials for which toxicological or hazard data are unavailable shall carry a label stating: "Toxicological and other hazards unknown. Handle as extremely hazardous."

All containers of materials subject to Oregon Administrative Rule (OAR) 437 Division 2 Subdivision Z et seq. Hazard Communication including, but not limited to: solvents, paints, cleaning agents, chemicals, reagents, or other hazardous materials shall be labeled with: the name(s) of the hazardous chemical(s), appropriate hazard warnings, and the name and address of the chemical manufacturer, importer, or other responsible party. Any materials for which toxicological or hazard data are unavailable shall not be used in any work resulting in contracts under this RFP. While Contractor is on-site at current work project, all copies of SDS must be kept in the contractor's work vehicle.

Materials exempted from the Hazard Communication labeling requirements must still be labeled according to regulations applicable to those materials. Examples include, but are not limited to, labeling requirements for pesticides and hazardous wastes. In summary, no container containing hazardous materials, or any substance that can be mistaken for a hazardous material, shall be unlabeled.

The County additionally adopts by Reference other safety and health codes referenced in OAR Chapter 437, including but not limited to: Code of Federal Regulations (CFR), Oregon Occupational Safety and Health Division (OR OSHA), Oregon Department of Consumer and Business Services, and others that address the safe handling and use of hazardous materials.

### 3.5.4 Disqualification

Should a Contractor become disqualified from performing work the Contractor is required to;

- Immediately stop all associated County work activity; and
- Notify CSD of disqualification / debarment, where the receipt of the notification from the Contractor is received by CSD within one (1) business day.

The System for Award Management (“SAM”) identifies contractors that are debarred, while the Oregon Construction Contractors Board (“CCB”) identifies contractor’s license status, such as Active, or Suspended.

3.5.4.1 Oregon Construction Contractors Board (CCB) Licensing / Endorsements / Disqualification Oregon law requires anyone who works for compensation in any construction activity involving improvements to real property to be licensed with the CCB. This includes roofing, siding, painting, carpentry, concrete, on-site appliance repair, heating and air conditioning, home inspections, tree service, plumbing, electrical, floor covering, manufactured dwelling installation, land development, and most other construction and repair services. The CCB requires that all Contractor license status be in “Active” status to submit bids and to start/complete work. A contractor becomes disqualified to perform work when their status becomes other than “Active.”

#### Special Certifications/Licenses/Endorsements

In addition to a CCB license, by law individuals or businesses performing specific work may be required to have special individual or business certifications, licenses, and /or endorsements. The new licensing endorsement system distinguishes between residential contractors and commercial contractors. Some contractors may be required to have a dual endorsement.

See: <http://www.oregon.gov/CCB/board.shtml>

#### 3.5.4.2 SAM - Debarment

The County will incorporate the standards held by SAM regarding contractor debarment. When a contractor becomes debarred, the Contractor will lose the ability to be awarded future WOs under this RFP throughout the life of the procurement and resulting contract. For additional information visit the website at [www.sam.gov](http://www.sam.gov). Contractor shall not permit any subcontractor who is debarred to provide services under any WO.

### 3.5.5 Lead Safe Weatherization

The County has the expectation that all weatherization work performed on pre-1978 housing be conducted in a lead safe manner as prescribed by the Lead Safe Weatherization curriculum required by the United States Department of Energy.

It is the Contractor’s responsibility to ensure that all their current work products and operations reflect the currently issued (at the time of a WO assignment to a contractor) DOE Oregon State Plan

All Contractors, and their personnel who will be working on County contracted job sites are required to satisfactorily complete Lead Safe Weatherization training from a State approved trainer, and receive certification prior to doing any weatherization related WO in complexes or homes built before 1978. For awarded Contractors, proof of Lead Renovation, Repair and Painting Rule (“LRRP”) certification *must* be submitted to the County prior to contract execution. No WOs will be assigned regardless of the date a home or complex was built until such time as the Lead Safe Practices certification is submitted and approved.

In the event that program standards for Lead Safe Practices should change, contractors shall be given 30 days from date of notification to comply with new standards. If a Contractor fails to comply within the allocated time, no new WOs shall be issued until the standards are met.

Information regarding Certification may be obtained from the Oregon Remodelers Association:

[www.oregonremodelers.org](http://www.oregonremodelers.org)

### **3.5.6 Warranty Policy**

Contractors shall furnish warranty in agreement with and as called for in the specifications. In addition, the warranty shall include the following:

There shall be no distance or time limitations, not applicable to the trade in general, on either standard or extended warranty or labor. All franchised or authorized dealers of the item in the state shall honor warranty. Any extended warranty period customarily granted shall be made available to County at no additional cost.

County shall be advised of all product recall on all or any part of the item, at no additional cost. All product recall information, replacement parts and labor, shall be provided to the County as soon as available to dealer.

### **3.5.7 Use of Recycled Materials**

Proposers shall use recyclable products which contain recycled content to the maximum extent economically feasible in the performance of the contract set forth in this document, where it does not jeopardize the health, safety, or the integrity of the quality materials used, the quality of installation, or the performance of the materials.

### **3.5.8 Category Scope of Work**

Located in Attachments A, B, C, D, and E are specific technical specifications for each category of specialty work that will be required for any WO.

All work is subject to inspection and acceptance by the County prior to sign off and completion. County reserves the right to inspect any work at any time.

All trade work shall be installed in accordance to, United States Department of Housing and Urban Development (HUD) code (if applicable), and all applicable Oregon state codes and federal regulations, which may include the most recent versions of the Uniform Building Code (UBC), the National Electric Code (NEC), the Uniform Mechanical Code (UMC), and the Oregon Specialty Code.

Where State and local codes or specification regulations are in conflict, the most stringent requirement shall apply.

Each accepted WO must be completed by the awarded Contractor within 30 calendar days from acceptance of WO.

### **3.6 Term of Contract:**

The term of the contract shall be from the effective date through **June 30, 2019**, with an option to renew for two (2) additional years. At the end of the initial term of the contract, the County, at its sole discretion, can extend contracts to additional Contractors as deemed necessary and in the best interest of the County.

**3.7 Sample Contract:** Submission of a Proposal in response to this RFP indicates Proposer's willingness to enter into a contract containing substantially the same terms (including insurance requirements) of the sample contract in Section 6. No action or response to the sample contract is required under this RFP. Any objections to the sample contract terms should be raised in accordance with Paragraphs 2.2 or 2.3 of this RFP, pertaining to requests for clarification or change or protest of the RFP/specifications, and as otherwise provided for in this RFP. This RFP and all supplemental information in response to this RFP will be a binding part of the final contract.

## SECTION 4 EVALUATION PROCEDURE

- 4.1** An evaluation committee will review all Proposals that are initial deemed responsive and they shall rank the Proposals in accordance with the below criteria. The evaluation committee may recommend an award based solely on the written responses or may request Proposal interviews/presentations. Interviews/presentations, if deemed beneficial by the evaluation committee, will consist of the highest scoring Proposers. The invited Proposers will be notified of the time, place, and format of the interview/presentation. Based on the interview/presentation, the evaluation committee may revise their scoring.

Written Proposals must be complete and no additions, deletions, or substitutions will be permitted during the interview/presentation (if any). The evaluation committee will recommend award of a contract to the final County decision maker based on the highest scoring Proposal. The County decision maker reserves the right to accept the recommendation, award to a different Proposer, or reject all Proposals and cancel the RFP.

Proposers are not permitted to directly communicate with any member of the evaluation committee during the evaluation process. All communication will be facilitated through the Procurement representative.

**4.2 Evaluation Criteria**

<u>Category</u>	<u>Points available:</u>
Pertinent licenses, certifications	0-10
Contractor's capacity	0-30
Contractor's key personnel and experience on similar projects	0-20
Financial Capability (Insurances and Bonding Capabilities)	0-10
Rates and markup	0-25

- 4.3** Once a selection has been made, the County will enter into contract negotiations. During negotiation, the County may require any additional information it deems necessary to clarify the approach and understanding of the requested services. Any changes agreed upon during contract negotiations will become part of the final contract. The negotiations will identify a level of work and associated fee that best represents the efforts required. If the County is unable to come to terms with the highest scoring Proposer, discussions shall be terminated and negotiations will begin with the next highest scoring Proposer. The written request must be received not later than 30 days prior to the expiration date of this Contract. Such request shall state the date to which the extension is desired and shall describe the conditions which have occurred to prevent the Contractor from completing this Contract within the specified time. Such change shall constitute an authorized amendment of the Key Date(s).

**Section 17. Alterations in Details:** The County reserves the right to make, at any time during the progress of the work to be done, such changes or alterations as may be found to be necessary or desirable; *provided however*, such changes or alterations shall not change the character of the Work to be done, nor increase the cost thereof unless the cost increase is approved in writing by both parties. Any changes or alterations so made shall not invalidate this Contract and the Contractor agrees to do the Work as changed or altered as if it had been a part of the original Contract.

  - b. CSD Weatherization may authorize minor changes in the work not involving an adjustment in the job price or work timeline, which are consistent with the overall intent of the Work Order. Such a field order shall be binding on both the County and the Contractor.

Additional work performed without authorization through a change order shall not entitle Contractor to an increase in job price or extension of work timeline.

**Section 18. Adjustment of Contract:** Notwithstanding any other provisions of this Contract, the County may, pursuant to Oregon law, make adjustments in the Contract when material effect upon the volume and value of work to be done under the Contract is caused by major catastrophes or disasters resulting from act of God, terrorism, war, riot, windstorms, floods, fire or other acts of nature, which are beyond the control of the Contractor or County, and in no way connected with negligent acts or omissions of the Contractor or the representatives, employees or contractors of the Contractor. **Section 19. Claims Review Process:** A “Claim” means a demand by Contractor pursuant to this Section for review of the denial of Contractor’s initial request for an adjustment of Contract terms, payment of money, extension of Key Dates or other relief, submitted in accordance with the requirements and within the time limits established for review of Claims in this Section.

- A. All Contractor Claims shall be referred to the County for review. Contractor’s Claims, including Claims for adjustments to compensation or Contract Time, shall be submitted in writing by Contractor to the County within five (5) Days after a denial of Contractor’s initial request for an adjustment of Contract terms, payment of money, extension of Key Dates or other relief, provided that such initial request has been submitted in accordance with the requirements and within the time limits established in this Section. Within thirty (30) Days after the initial Claim, Contractor shall submit to the County a complete and detailed description of the Claim (the “Detailed Notice”) that includes all information required by Section 19.B. Unless the Claim is made in accordance with these time requirements, it shall be waived by Contractor.
- B. The Detailed Notice of the Claim shall be submitted in writing by Contractor and shall include a detailed, factual statement of the basis of the Claim, pertinent dates, Contract provisions which support or allow the Claim, reference to or copies of any documents which support the Claim, the dollar value of the Claim, and the Key Dates adjustment requested for the Claim. If the Claim involves Work to be

completed by Subcontractors, the Contractor will analyze and evaluate the merits of the Subcontractor claim prior to forwarding it and that analysis and evaluation to the County. The County will not consider direct claims from subcontractors, suppliers, manufacturers, or others not a party to this Contract. Contractor agrees that it will make no agreement, covenant, or assignment, nor will it commit any other act that will permit or assist any subcontractor, supplier, manufacturer, or other to directly or indirectly make a claim against County.

- C. The County will review all Claims and take one or more of the following preliminary actions within ten (10) Days of receipt of the Detailed Notice of a Claim: (1) request additional supporting information from the Contractor; (2) inform the Contractor and County in writing of the time required for adequate review and response; (3) reject the Claim in whole or in part and identify the reasons for rejection; (4) based on principles of equitable adjustment, recommend approval of all or part of the Claim; or (5) propose an alternate resolution.
- D. The County's decision shall be final and binding on the Contractor unless appealed by written notice to the County within fifteen (15) Days of receipt of the decision. The Contractor must present written documentation supporting the Claim within fifteen (15) Days of the notice of appeal. After receiving the appeal documentation, the County shall review the materials and render a decision within thirty (30) Days after receiving the appeal documents.
- E. The decision of the County shall be final and binding unless the Contractor delivers to the County its request for mediation, which shall be a non-binding process, within fifteen (15) Days of the date of the County's decision. The mediation process will be considered to have commenced as of the date the Contractor delivers the request. Both parties acknowledge and agree that participation in mediation is a prerequisite to commencement of litigation of any disputes relating to the Contract. Both parties further agree to exercise their best efforts in good faith to resolve all disputes within sixty (60) Days of the commencement of the mediation through the mediation process set forth herein.

In the event that a lawsuit must be filed within this sixty (60) Day period in order to preserve a cause of action, the parties agree that, notwithstanding the filing, they shall proceed diligently with the mediation to its conclusion prior to actively prosecuting the lawsuit, and shall seek from the Court in which the lawsuit is pending such stays or extensions, including the filing of an answer, as may be necessary to facilitate the mediation process. Further, in the event settlements are reached on any issues through mediation, the plaintiff shall promptly cause to be entered by the Court a stipulated general judgment of dismissal with prejudice, or other appropriate order limiting the scope of litigation as provided in the settlement.

- F. Should the parties arrive at an impasse regarding any Claims or disputed Claims, it is agreed that the parties shall participate in mediation as specified in Section 19.E. The mediation process will be considered to have been commenced as of the date one party delivers to the other its request in writing to mediate. The mediator shall be an individual mutually acceptable to both parties, but in the absence of agreement each party shall select a temporary mediator and the temporary mediators shall jointly select the permanent mediator. Each party shall pay its own costs for the time and effort involved in mediation. The cost of the mediator shall be split equally between the two parties. Both parties agree to exercise their best effort in good faith to resolve all disputes in mediation. Participation in mediation is a mandatory requirement of both the County and the Contractor. The schedule, time and place for mediation will be mutually acceptable, or, failing mutual agreement, shall be as established by the mediator. The parties agree to comply with County's administrative rules governing the confidentiality of mediation, if any, and shall execute all necessary documents to give effect to such confidentiality rules. In any event, the parties shall not subpoena the mediator or otherwise require the mediator to

produce records, notes or work product, or to testify in any future proceedings as to information disclosed or representations made in the course of mediation, except to the extent disclosure is required by law.

- G. Unless otherwise directed by the County, the Contractor shall proceed with the Work while any Claim, or mediation or litigation arising from a Claim, is pending. Regardless of the review period or the final decision of the County, the Contractor shall continue to diligently pursue the Work as identified in the Contract Documents. In no case is the Contractor justified or allowed to cease or Delay Work, in whole or in part, without a written stop work order from the County.

**Section 20. Violations, Suspension and Cancellation:** If the Contractor violates any of the provisions of this Contract, the County, may, after giving written notice, suspend any further operations of the Contractor under this Contract, except such operations as may be necessary to remedy any violations. If the Contractor fails to remedy other violations of this Contract within 10 days after receipt of the suspension notice given under this Section, the County may, by written notice, cancel this Contract and take appropriate action to recover all damages suffered by the County by reason of such violations, including application toward payment of such damages of any advance payments and any performance bonds, or any other remedy available at law or equity.

**Section 21. Subcontracting:** It is understood and agreed that if all or any part of the Work to be done under this Contract is subcontracted, such subcontracting done by the Contractor or otherwise shall in no way relieve the Contractor of any responsibility under this Contract. The Contractor shall notify the County, in writing, of the names and addresses of all subcontractors, prior to subletting any part of the Work to be done under this Contract.

**Section 22. Assignment of Contract:** The Contractor agrees not to assign, transfer, convey or otherwise dispose of this Contract, or the right, title, or interest therein, either in whole or in part, by operation of law or otherwise, or the power of the Contractor to execute this Contract, to any other person, firm, or corporation, without the prior written consent of the County.

**Section 23. Notices:** Any written notice to the Contractor which may be required under this Contract to be served on the Contractor by the County may be served by personal delivery to the Contractor or the designated representative or representatives of the Contractor, or by mailing the notice to the address of the Contractor as such is given in the Contract, or by leaving the notice at said address. Should the Contractor be required to notify the County concerning the progress of the work to be done, or concerning any matter or complaint which the Contractor may have to make regarding the Contract subject matter, or for any other reason, it is understood that such notification is to be made in writing, delivered to the designated representative of the County in person or mailed to the County.

**Section 24. Authorized Representative:** During any period of operations or activity on the Project, and during any period of doing the Work required by this Contract on location, the Contractor shall have a designated representative or representatives available to the County on the area or Work location, or both where such activity is separated, which representative or representatives shall be authorized to receive in behalf of the Contractor any notice or instructions from the County and to take such action as may be required in regard to performance of the Contractor under this Contract. It is further understood and agreed that any such equipment, materials and other property that are not removed within seven (7) calendar days after Final Completion, or within such longer time as may be agreed upon in writing between the Contractor and the County, shall automatically and without need of further action become the property of the County and may be used or otherwise disposed of by the County without obligation to the Contractor or to any party to whom the Contractor may seek to transfer title or whom have an interest, including a security interest, in such property. Nothing in this Section shall be construed as relieving the Contractor from an obligation to clean up, remove and dispose of all debris, waste materials, and such, in accord with other provisions of the Contract.

Any violation of this Section shall constitute a material breach of this Contract. Further, any violation of Contractor's warranty in this Contract that Contractor has complied with the tax laws of this state and the applicable tax laws of any political subdivision of this state also shall constitute a material breach of this Contract. Any violation shall entitle County to terminate this Contract, to pursue and recover any and all damages that arise from the breach and the termination of this Contract, and to pursue any or all of the remedies available under this Contract, at law, or in equity, including but not limited to: (A) Termination of this Contract, in whole or in part; (B) Exercise of the right of setoff, and withholding of amounts otherwise due and owing to Contractor, in an amount equal to County's setoff right, without penalty; and (C) Initiation of an action or proceeding for damages, specific performance, declaratory or injunctive relief. whether tangible or intangible, provided by Contractor; and (D) Any rules, regulations, charter provisions, or ordinances that implemented or enforced any of the foregoing tax laws or provisions.

**Section 29. - C. The Contractor certifies that at present, he or she, if an individual, is not a program, County, or federal employee.

**Section 31. Constitutional Debt Limitation:** This Contract is expressly subject to the debt limitation of Oregon counties set forth in Article XI, Section 10 of the Oregon Constitution, and is contingent upon funds being appropriated therefore. Any provisions herein which would conflict with law are deemed inoperative to that extent.

**Section 32. Access to Records:** Contractor shall maintain books, records, documents, and other evidence and accounting procedures and practices sufficient to reflect properly all costs of whatever nature claimed to have been incurred and anticipated to be incurred in the performance of this Contract. The United States Government, the State of Oregon, and County and their duly authorized representatives shall have access to the books, documents, papers, and records of Contractor which are directly pertinent to this Contract for the purpose of making audit, examination, excerpts, and transcripts. Such books and records shall be maintained by Contractor for a minimum of three (3) years, or such longer period as may be required by applicable law, following final payment and termination of this Contract, or until the conclusion of any audit, controversy or litigation arising out of or related to this Contract, whichever date is later.

**Section 33. Governing Law:** This Contract shall be governed and construed in accordance with the laws of the State of Oregon without regard to principles of conflicts of law. Any claim, action, or suit between County and Contractor that arises out of or relates to the performance of this Contract shall be brought and conducted solely and exclusively within the Circuit Court for Clackamas County, for the State of Oregon. Provided, however, that if any such claim, action, or suit may be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon.

**Section 34. Hazard Communication:** Contractor shall notify County prior to using products containing hazardous chemicals to which County employees or the Worksite Owner may be exposed. Products containing hazardous chemicals are those products defined by Oregon Administrative Rules, Chapter 437. Upon County's request, Contractor shall immediately provide Material Safety Data Sheets for the products subject to this provision.

**Section 35. Intended Third Party Beneficiaries:** Although County and Contractor are the only parties to this Contract, the Worksite Owner (each property owner for each residential location under the Project) is an intended third party beneficiaries and shall be entitled to rely upon and directly enforce the terms of this Contract.

**Section 36. Warranty:** Contractor warrants to County and the Worksite Owner that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects not inherent in the quality required or permitted, that the Work will conform with the requirements of the Contract Documents for a period of one year following the date of successful final inspection. In addition to Contractor's warranty, manufacturer's warranties shall pass to the Worksite Owner and shall not take effect until such portion of the Work covered by the applicable warranty has been accepted in writing by the County. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modification not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage.

**Section 37. Execution and Counterparts:** This Contract may be executed in several counterparts, each of which shall be an original, all of which shall constitute but one and the same instrument.

**Section 38. Liquidated Damages:** It is imperative that the Work in this Contract reach Substantial Completion by the Key Date indicated in the Work Order, to ensure that the Worksite Owner shall be able to fully occupy the premises free and clear without disturbance. It is understood that the Work on the premises creates a substantial disruption of the use of the premises. The Contractor represents and agrees to the Substantial Completion date, and it has taken into account in its acceptance of the Work Order the requirements of the Contract Documents, the location, the time allowed for the Work, local conditions, availability of materials, equipment, and labor, and any other factor which may affect performance of the Work.

If the Contractor fails to achieve Substantial Completion as specified above, then the Contractor and County agree that it would be extremely difficult to ascertain the damages incurred by the County and Worksite Owner for the Contractor's failure. Therefore, the County and the Contractor agree that in lieu of actual damages for delay, the Contractor shall reimburse County a stipulated sum as identified in the below table. The Contractor further agrees the stipulated sum is not a penalty.

Days Post Substantial Completion Date	Stipulated Sum
1-7 calendar days	\$100.00 each calendar day
7-15 calendar days	\$200.00 each calendar day
15-21 calendar days	\$300.00 each calendar day

  8. The Contractor will include the portion of the sentence immediately preceding paragraph (A) and the provisions of paragraphs (1) through (8) in every subcontract or work order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or work order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided*, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the County, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- B. **Clean Air Act.** During the performance of this Contract, the Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (422 U.S.C. 7401—7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). **Section 40. Survival:** All warranty and indemnification provisions of this Contract, and all of Contractor's other obligations under this Contract that are not fully performed by the time of Final Completion or termination, shall survive Final Completion or any termination of the Contract.
