

ADDENDUM #1

**TO THE REQUEST FOR PROPOSALS FOR RIPARIAN RESTORATION SERVICES
ON MAJESTIC WOODS II AND PREMIER ESTATES II**

TO: ALL PROPOSAL DOCUMENT HOLDERS
DATE: APRIL 12, 2016

This Addendum #1 issued prior to receipt of Proposals will become part of the Contract documents, superseding the originals to the applicable extent indicated. Proposers shall be responsible for issuing information to those furnishing bids and quotes to them.

CLARIFICATIONS:

1. Change in area for Site 2. Omit the rectangular area / southeastern portion of the site from the project. This reduces the area for Site 2 from 1.07 acres to 0.96. As discussed at the Pre-Bid meeting, the edge of the project area is roughly the edge of the tree line.

2. Is pollution liability insurance really required for this project? Yes.

3. Is vegetative debris from invasive species to be hauled off site? All vegetative debris from invasive species that could take root if left on the ground shall be hauled offsite, including English ivy. Species that do not spread vegetatively and are not in danger of spreading by re-rooting may be left on site.

4. How are we to bid on the number of plants to install? In order that all bidders are bidding on the same number of plants to install, we have estimated approximate numbers for bidding purposes only. The exact number of trees and shrubs, along with a proposed plant list, shall be submitted during the project and payment negotiated based on the accepted plant list. For bidding purposes, bidders may assume 120 native trees and 1,000 native shrubs, to include a variety of species.

1. Will the work area be flagged? WES staff will flag the boundaries of the work area before work begins, or otherwise make clear the area to be included in the project.

All Proposers shall acknowledge receipt and acceptance of this Addendum #1 by signing in the space provided and submitting the signed Addendum with the Proposal. Proposals submitted without this Addendum may be considered informal.
