1. **PURPOSE AND INTENT**

- 1.1 Clackamas County, Oregon (hereafter Grantor) is authorized to and by this franchise agreement does grant to Colton Telephone Company, an Oregon cooperative, dba Colton Cable TV, (hereinafter referred to as Grantee) a non-exclusive twelve (12) year franchise, subject to Section 13.12 and revocable as provided herein, to construct, operate and maintain a cable system in the franchise area comprised of a portion of the area within the unincorporated territory of the Grantor, as described in Exhibit A.
- 1.2 The purpose of this franchise agreement is to create a binding, enforceable contract between Grantor and Grantee.

2. **DEFINITIONS**

For the purposes of this franchise agreement, the following words, terms, phrases, and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. Words used in this franchise which are not defined hereunder but defined in the Cable Communications Policy Act of 1984, as amended by the Cable Communications Policy Act of 1992, (Cable Act), and the Telecommunications Act of 1996 shall have the meaning specified in the Cable Act definition.

An upgrade that requires only the installation of a piece or pieces of equipment between the point at which a subscriber's drop line connects to the system and the point at which the drop connects to the subscriber's television receiver shall not be

considered a major system upgrade.

- d. "Affiliate" When used in relation to any person, means another person who owns or controls, is owned or controlled by, or is under common ownership or control with, such person.
- e. "Availability of Service" means the ability of a subscriber to obtain a service within sixty (60) days by requesting the service and paying applicable installation and/or usage charges.

- i. "Cable system" or "Cable System" or "System" shall have the meaning specified in the definition of "Cable System" in the Cable Act. In every case of its use in this franchise, unless otherwise specified, the term shall refer to the cable system constructed and operated by the Grantee in Clackamas County under this franchise.
- j. "Colton Cable TV" shall mean Colton Telephone Company, an Oregon cooperative, dba as Colton Cable TV, its agents and assignees.
- k. "Channel" means a portion of the electromagnetic frequency spectrum which is used in a cable system and which is capable of delivering a television channel (as television channel is defined by the FCC by regulation). - m. "Commercial Subscriber" means a subscriber receiving cable services in a business or other commercial enterprise, where the services are to be used primarily in conjunction with the enterprise and the rates for services are individually negotiated with the subscriber.

"Gross Revenues" shall include, without limitation, amounts for all Cable Services, premium services, advertising, commissions on sales of goods or services by third parties utilizing the Cable System (e.g., home shopping networks), installations, leasing, renting or selling of system capacity, and all other revenues derived from the operation of Grantee's Cable System regardless of whether initially recorded to another entity and however characterized.

However, any sales, excise or other taxes levied directly upon subscribers by a local, state or federal government and collected by the Grantee for direct pass-through to such government shall not be included in "Gross Revenues".

"Gross Revenues", however, shall not be double counted. 3. GRANT OF FRANCHISE

3.1 Grant.

Grantor hereby grants to the Grantee a non-exclusive, revocable franchise for a twelve (12) year period from and after the effective date hereof, revocable as provided herein, and subject to early termination at the end of seven (7) years after the effective date hereof under conditions described in Sections 4.1, 11, and 13.12 to construct, operate and maintain a cable system within the franchise area. This franchise constitutes the authority, right, privilege and obligation to provide the services of a cable system as required by the provisions of this franchise agreement.

This franchise is subject to the laws of the United States and the State of Oregon, and to the general ordinances of Clackamas County enacted pursuant thereto affecting matters of general county concern and not merely existing contractual rights of Grantee, whether now existing or hereinafter enacted.

3.2 Use of Public Streets and Ways.

For the purpose of constructing, operating and maintaining a cable system in the franchise area, the Grantee may erect, install, audit, construct, repair, replace, reconstruct, and retain in, on, over, under, upon, across, and along the public streets and ways within the franchise area such wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments, and other property and equipment as are necessary, convenient and appurtenant to the operation of the cable system. Prior to construction or alteration, however, the Grantee shall in each case file plans as required with the appropriate agencies of Grantor and in accordance with any agreements with utility providers and companies, pay applicable fees, and receive approval as necessary before proceeding.

3.3 Duration and Effective Date of Franchise.

Except as otherwise provided herein for revocation, or early termination in accordance with Sections 4.1, 11, and 13.12 the term of this franchise and all rights, privileges, obligations and restrictions pertaining thereto shall be twelve (12) years from the effective date of this agreement, at which time the franchise shall expire and be of no force and effect. The effective date of the franchise shall be the date of the signed Board of County Commissioners Board Order.

3.4 Franchise Area.

The franchise area shall be that area designated in Exhibit A. Any future extensions of franchise area must be approved by the Board of Commissioners, as an amendment to this franchise. Any proposed expansion area beyond that shown in Exhibit A, as granted

281 941

must include terms for initiation of construction within twelve (12) months and coverage of area with full service by eighteen (18) months after initial construction, and requires Grantor's consent and amendment to this agreement, which consent shall not be unreasonably denied.

3.5 Franchise Not Exclusive.

The franchise granted herein is not exclusive. This franchise shall not be construed as any limitation upon the right of the Grantor, through its proper officers, to grant to other persons or corporations, rights, privileges or authority the same as, similar to or different from the rights, privileges or authority herein set forth, in the same or other streets and public ways or public places by franchise, permit or otherwise.

3.6 Franchise Non-Transferable.

This franchise shall not be sold, leased, assigned or otherwise transferred, nor shall any of the rights or privileges herein granted or authorized be leased, assigned, mortgaged, sold or transferred, either in whole or in part, nor shall title hereto, either legal or equitable, or any right, interest or property herein, pass to or vest in any person, except the Grantee, either by act of the Grantee or by operation of law, without the consent of the Grantor, expressed in writing. The granting of such consent in one instance shall not render unnecessary any subsequent consent in another instance.

If the Grantee wishes to transfer this franchise, the Grantee and Grantor shall proceed pursuant to Section 617 of the Cable Act and related rule makings of the FCC. Grantee shall give Grantor written notice of the proposed transfer, and shall request consent of the transfer by the Grantor. For the purpose of determining whether it will consent to such transfer, Grantor may inquire into the qualifications of the prospective transferee to perform the obligations of the Grantee under this franchise agreement. The Grantee shall assist Grantor in any such inquiry, and shall provide all information requested in writing by the Grantor that is reasonably necessary to determine the legal, financial and technical qualifications of the proposed transferee in order to determine whether it will consent to the proposed transfer.

In cases where the Grantor finds it inappropriate to give unconditional consent to the proposed transfer, the Grantor may offer its consent upon such terms and conditions as it deems appropriate, related to the qualifications of the prospective transferee to perform the obligations of the Grantee under this franchise. Consent to the transfer shall not be unreasonably withheld. Any transfer of ownership affected without the written consent of the Grantor shall render this franchise subject to revocation. The Grantor shall have one hundred and twenty (120) days to act upon any request for approval of a transfer that contains or is accompanied by such information as is required in accordance with FCC regulations and by the Grantor. If the Grantor fails to render a final decision on the request within said one hundred and twenty (120) days, the request shall be deemed granted unless the Grantee and the Grantor agree to an extension of time.

The Grantee, upon any transfer as heretofore described, shall within sixty (60) days thereafter file with the Grantor a copy of the deed, agreement, mortgage, lease, or other written instrument evidencing such sale, lease, mortgage, assignment or transfer, certified

and sworn to as correct by the Grantee.

Every such transfer as heretofore described, whether voluntary or involuntary, shall be deemed void and of no effect unless Grantee shall within sixty (60) days after the same shall have been made, file such certified copy as is required.

The requirements of this Section shall not be deemed to prohibit the use of the Grantee's property as collateral for security in financing the construction or acquisition of all or part of a cable system of the Grantee or any affiliate of the Grantee. However, the cable system franchised hereunder, including portions thereof used as collateral, shall at all times continue to be subject to the provisions of this franchise.

The requirements of this Section shall not be deemed to prohibit sale of tangible assets of the cable system in the ordinary conduct of the Grantee's business without the consent of the Grantor. The requirements of this Section shall not be deemed to prohibit, without the consent of the Grantor, a transfer to a transferee whose primary business is cable system operation and having a majority of its beneficial ownership held by the Grantee, a parent of the Grantee, or an affiliate a majority of whose beneficial ownership is held by a parent of the Grantee.

3.7 Change in Control.

The Grantee shall promptly notify the Grantor of any proposed change in, transfer of, or acquisition by any other party of control of the Grantee. If beneficial ownership of twenty-five percent (25%) of the stock of the Grantee, or of the majority of the stock of any parent company of the Grantee immediate or otherwise, or of any entity now owning or later acquiring such a beneficial interest is acquired by a single entity or by several entities under common control, if such entity or agent of common control is other than an organization with a majority of its beneficial ownership held by the Grantee or a parent of the Grantee, then a change in control will be deemed to have taken place unless the Grantor, upon request of the Grantee, finds otherwise. Such change in control shall make this franchise subject to revocation unless and until the Grantor shall have given written consent thereto.

If the Grantee wishes to operate the franchise under a change of control, the Grantee shall give the Grantor written notice of the proposed change, and shall request approval of the change by the Grantor. The Grantor shall have one hundred and twenty (120) days to act upon the request, following the receipt of the request and of all information required in accordance with FCC regulations, as well as all information required in writing by the Grantor prior to or subsequent to the request for approval. If the Grantor fails to render a final decision on the request within said one hundred and twenty (120) days, the request shall be deemed granted unless the Grantee and the Grantor agree to an extension of time.

For the purpose of determining whether it will consent to such change, transfer, or acquisition of control, Grantor may inquire into the qualifications of the prospective controlling party to perform the obligations of the Grantee under this franchise agreement. The Grantee shall assist Grantor in any such inquiry. Consent to the change of control shall not be unreasonably withheld.

4. CONSTRUCTION AND SERVICE REQUIREMENTS

4.1 General.

The Grantee shall maintain on its cable system a minimum practical capacity of sixty (60) activated channels, defined under the Cable Act of 1992 as those channels engineered at the headend of the cable system for the provision of services generally available to residential subscribers of the cable system. The Grantee shall make available public access and institutional network capability for government and educational use as provided for in Section 6.6. In all its construction and service provision activities, Grantee shall meet or exceed the construction, extension and service requirements set forth in this franchise agreement.

4.2 Right of Inspection of Construction.

Grantor shall have the right to inspect all construction or installation work performed within the franchise area and to make such tests as it shall find necessary to ensure compliance with the terms of this franchise agreement and other pertinent provisions of law. Grantor shall notify Grantee of times and location of inspection with the intent Grantee representative shall have the opportunity to accompany Grantor during any inspection.

4.3 Availability of Residential Service.

4.3.1 Density for Normal Extension of Service.

The Grantee shall make service available to every potential subscriber whose dwelling is one of a minimum of twenty-five (25) dwelling units per linear cable mile, or seven (7) dwelling units per 1/4 mile, from the nearest existing cable plant.

4.3.2 Isolated Areas.

Potential subscribers requesting service but not entitled to availability of service under Section 4.3.1 shall be provided service under the following circumstances, through contractual agreement between the Grantee and the person requesting service for payment of line extension construction costs:

1. Grantee shall provide service at its normal, published installation charge for the initial one hundred and fifty (150) feet of extension.
2. The subscriber shall pay all actual costs for the extension for the distance greater than one hundred and fifty (150) feet.
3. The amount of cable extension as measured in feet, which is the basis for the cost sharing, will be computed as follows:

The starting point shall be a point at the nearest reasonably usable existing cable plant using public right-of-way, exclusive of a street crossing; provided that the Grantee shall make a reasonable effort to secure and use private rights-of-way if

the use of such rights of way reduces the cost of the line extension to the subscriber. The actual length of cable needed from the starting point to the subscriber's home shall be the total number of feet. The total cost of the project from the starting point to the home shall be divided by the total number of feet. The total actual cost of the project will be used to compute each party's share. Street bores or crossings needed to bring the existing cable plant to the requesting subscriber's side of the street shall be included as part of any line extension greater than one hundred and fifty (150) feet, otherwise these costs shall not be charged to the subscriber.

No charge other than the standard installation charge shall be made by the Grantee to subscribers for: the extension of the cable system under this Subsection; nor the provision of a cable drop to the premises of any subscriber requesting service, so long as the drop does not exceed 150 feet in length. However, nothing in this Section shall prevent the Grantee from imposing the normal, published installation charge to any subscriber.

4.3.3 New Subdivisions.

1. Subject to Sections 4.3.1 and 4.3.2, Grantee will be required to build, activate, proof and sell cable in new subdivisions within ninety (90) days of the time when fifty percent (50%) of the subdivision's potential dwelling units have been issued building permits and construction has started, or twenty-five percent (25%) of the subdivision's potential dwelling units have contracted for cable television service, whichever occurs first.
2. Grantee shall be responsible for ascertaining building permit activity in new subdivisions.
3. Where jurisdictional approval of a subdivision includes provision for the construction of separate phases of the subdivision each phase will be considered a separate subdivision for the purpose of this Section.

4.3.4 Annexation.

In the event any portion of the franchise area is annexed by a city, resulting in that portion having two or more cable franchises, then to the extent permitted by law the Grantee's rights hereunder shall continue in effect but the Grantee shall not be required to construct a cable system passing the same homes as are passed by an existing cable system operating under the authority of an existing city franchise. Franchise fees shall be directed to the franchising authority controlling the streets and public way in the annexed Section.

4.4 Erection of Poles.

If additional poles in an existing aerial utility system route are required, Grantee shall negotiate with the utility company or provider for the installation of the needed poles. Grantee shall not erect, for any reason, any pole on or along any street or public way in an existing aerial utility system unless approved by the Grantor. The Grantee shall

negotiate the lease of pole space and facilities from the existing pole owners for all aerial construction, under mutually acceptable terms and conditions, and shall comply with all applicable ordinances, resolutions, rules and regulations of the Grantor.

4.5 Trimming of Trees or other Vegetation.

In the conduct of its business, it may be necessary for Grantee to trim trees or other vegetation in order to provide space for its facilities. Tree or vegetation trimming shall be done only in accordance with the ordinances and other rules and regulations of Grantor and if the tree or vegetation is located on private property, with the permission of the owner of the property on which the tree or vegetation stands. Nothing contained in this franchise agreement shall be deemed to empower or authorize Grantee to cut, trim or otherwise disturb any trees or other vegetation, whether ornamental or otherwise.

4.6 Repair & Restoration of Streets, Public Ways Grounds.

Whenever the Grantee shall disturb the surface or otherwise damage any street, alley, public highway, other public way or ground for any purpose mentioned herein, it shall repair and restore the same to the condition in which it was prior to the opening or other damage thereof. The Grantor shall provide written notification of any deficiencies to Grantee. The Grantee shall have thirty (30) days to correct any deficiency. In the event of failure, neglect or refusal of the Grantee, to repair, restore, or reconstruct such street damage following notification, the Grantor may do such work or cause it to be done, and the cost thereof to the Grantor shall be paid by the Grantee. All excavations made by the Grantee in the streets, alleys, public highways or other ways shall be properly safeguarded for the prevention of accidents. If such mutual agreement cannot be reached by the deadline above following Grantee's deadline to conclude a sale to a buyer of its choosing, then Grantor and Grantee shall submit to a mandatory mediation procedure, as provided below.

For purposes of revocation or forfeiture under this Subsection (A), the fair value of the system shall be an equitable price for the system being acquired, reduced by the amount of any lien, encumbrance, or obligation of the Grantee which Grantor may assume.

For any other purpose under this Section, the fair value of this system shall be its fair market value, determined on the basis of the cable system valued as a going concern but with no value allocated to the franchise itself, reduced by the amount of any lien, encumbrance, or obligation of the Grantee which Grantor may assume.

During any period of continued operation under this Section, except as provided in Section 3.6 of this franchise, the Grantee shall not sell, assign, transfer, or lease to any other persons, firm or corporation, any portion of the system used by it in its operations without the prior written consent of the Grantor.

In the event of the Grantor's acquisition of all of Grantee's cable system, as provided herein, Grantee shall use all best efforts to obtain any needed consent to assignment, to the extent any existing and future rental, lease, and lease-purchase arrangements for Grantee's cable system or any facilities to be acquired require any consent to assignment by third parties; and Grantee shall not unreasonably withhold any consent to assignment of any rental, lease, and lease-purchase arrangements for Grantee's cable system or any facilities to be acquired.

- B. If mandatory mediation is initiated pursuant to Subsection 9.1 (A), both the Grantor and the Grantee shall participate in good faith in the mediation, in a manner determined by the mediator chosen for the process. The mediator shall be chosen from a list of five (5) qualified persons obtained from the American Arbitration Association. The choice of a mediator shall if possible be made by mutual agreement by the Grantor and Grantee; however, if such agreement is not possible, then the mediator shall be chosen by having the Grantor and Grantee alternately eliminate one member of the list of qualified mediators until only one name is left, with the party to be first to eliminate a name determined by a coin toss. The cost of mediation under this Section shall be shared equally by the Grantor and the Grantee.

If agreement regarding the valuation of the system cannot be reached through the mediation process described in this Section, then either the Grantor or the Grantee may file such proceeding as is appropriate in an Oregon court of competent jurisdiction to exercise any rights it may have.

Any final determination of system valuation for the purposes of a proposed purchase of the system by the Grantor, whether proceeding pursuant to Subsection 9.1(A) or by any other lawful process, shall be subject to: (1) the Grantor's right within sixty (60) days of final determination of valuation to decide by appropriate resolution or other writing not to acquire all or any part of the system subject to the valuation proceeding; and (2) the Grantor's right to decide to acquire through use of proceeds from the sale of bonds, but subject to and conditioned upon any necessary voter approval of the bond funding and, if applicable, the successful sale of the bonds.

281 960

- C. In the event Grantor purchases, acquires, takes over, or holds all of the system pursuant to Subsection (A) or through any other lawful process, Grantor shall have the right without limitation to assign, sell, lease, or otherwise transfer its interest in all of the system to any other persons, including any other Grantee of a cable franchise, on whatever terms Grantor deems appropriate.
- D. The provisions of this Section shall be subject to the provisions of 47 USC 547, as amended from time to time. It is not intended that this Section diminish the rights of either the Grantor or the Grantee under the Act, and any provision of this Section that purports to diminish such rights shall be deemed superseded by the Act.

9.2 Right of Inspection of Records.

In order to assist the Grantor in keeping adequate records of the activities of the Grantee under this franchise, the Grantee shall provide the following information in such form as may be required by the Grantor for its records:

- A. With respect to the cable system and its operation authorized under this franchise, and to the extent necessary for the enforcement of this franchise, information pertaining to the operations of the Grantee, and for the specific purposes of a bona fide enforcement effort being conducted by the Grantor, the operations of any parent company, and any affiliate or cable operator, including but not limited to: the true and entire cost of construction, upgrade and replacement of plant and equipment for the cable system authorized under this franchise, and of the maintenance and of the administration and operation thereof; the amount of stock issued, if any; the amount of cash paid in; the number and par value of shares; the amount and character of indebtedness, if any; interest on debt; wear and tear or depreciation; and all amounts and sources of income;
- B. The amount collected by the Grantee or any parent or affiliate of the Grantee from users of services of the Grantee's cable system under this franchise and the character and extent of the service rendered therefor to them.

The information, along with any further data which may be required by the Grantor to adequately understand the information, shall be furnished by the Grantee to the Grantor upon request, and at the Grantee's own cost and expense.

9.3 Right to Perform Franchise Fee Audit.

In addition to all rights granted under Section 9.2, the Grantor shall have the right to perform, or cause to have performed, a formal audit of the Grantee's books and records and, for the specific purposes of a bona fide enforcement effort being conducted by the Grantor, the books and records of any parent or affiliate company, for the purpose of determining the gross receipts of the Grantee generated in any manner through the operation of the cable system under this franchise and the accuracy of amounts paid as franchise fees to the Grantor by the Grantee, provided that any audit must be commenced not later than three (3) years after the date on which franchise fees for any period being audited were due. The cost of any such audit shall be borne by the Grantor,

except that if through the audit it is established that the Grantee has made underpayment of two percent (2%) or more in franchise fees than required by this franchise, then the Grantee shall, within thirty (30) days of being requested to do so by the Grantor, reimburse the Grantor for the full cost of the audit.

9.4 Intervention.

The Grantee shall not hinder the Grantor's lawful intervention in any suit or proceeding to which the Grantee is party which may have an effect upon the construction, upgrade, maintenance or operation of the system.

9.5 Right to Require Removal of Property.

At the expiration of the term for which the franchise is granted providing no renewal is granted, or upon its forfeiture or revocation, as provided for herein, the Grantor shall have the right to require the Grantee to remove, at Grantee's own expense, all or any part of the cable system from all streets and public ways within the franchise area. If the Grantee fails to do so, the Grantor may perform the work and collect the cost thereof from the Grantee. The actual cost thereof, including direct and indirect administrative costs, shall be a lien upon all plant and property of the Grantee effective upon placement in the lien books of the Grantor. Notwithstanding the other provisions of this Section, the Grantee, by written notice to the Grantor, may elect to abandon underground cable in place, in which event the Grantee shall have no further obligation hereunder as to the abandoned cable; except that the Grantor may nevertheless, by written notice, require the Grantee to remove cable as deemed necessary by the Grantor to provide space for other authorized uses or to accomplish or enable the accomplishment of other public purposes.

10. RIGHTS OF INDIVIDUALS PROTECTED

10.1 Discriminatory Practices Prohibited.

- A. The Grantee shall not deny service, deny access, or otherwise unlawfully discriminate against subscribers, programmers, or persons on the basis of race, color, religion, national origin, sex, age, disability, income, or, except as otherwise provided herein, the area in which such person lives. The Grantee shall comply at all times with all applicable federal, state, or local laws, rules and regulations relating to nondiscrimination.
- B. The Grantee shall use best efforts to assure maximum practical availability of Grantee services and facilities to all subscribers.
- C. For hearing impaired customers, the Grantee shall provide information concerning the cost and availability of equipment to facilitate the reception of all basic services for the hearing impaired and comply with all federal legislation regarding hearing impaired customers.
- D. Upon request by a subscriber or potential subscriber, the Grantee shall make a reasonable effort as determined by the Grantee, to provide information in the normal course of business, in both English and the primary language of the

requestor.

10.2 Unauthorized Monitoring or Cable Tapping Prohibited.

The Grantee shall not, nor shall Grantee allow any other person, agency, or entity to tap, or arrange for the tapping, of any cable, line, signal input device, or subscriber outlet or receiver for any purpose whatsoever, without the subscriber's written consent or a valid court order permitting the tapping.

10.3 Privacy and Other Rights.

The Grantee and the Grantor shall maintain constant vigilance with regard to possible abuses of the right of privacy and any other civil right of any subscriber, programmer, or person resulting from any device or signal associated with the cable system. Except in cases of federal or State jurisdiction, the Grantee shall not place in the building, structure or any facility of any subscriber any equipment capable of two-way communications, without the written consent of the subscriber, or tenant occupying premises of the subscriber, revocable at the discretion of the subscriber or tenant and shall not utilize the two-way communications capability of the system for unauthorized or illegal subscriber surveillance of any kind. Written consent, as required herein, shall not be required of any subscriber by Grantee as a condition of receiving any other cable service.

10.4 Permission of Property Owner Required.

No cable, line, wire, amplifier, converter, or other piece of equipment owned by the Grantee shall be installed by the Grantee without first securing the written permission of the owner or tenant of any property involved except where there is an existing utility easement or other easement reserved by plat or other conveyance. If such permission or easement is later lawfully revoked, whether by the original or a subsequent owner or tenant or Grantor, the Grantee shall remove forthwith on request of the owner or tenant any of its equipment. The Grantee shall perform all installations and removals in a workmanlike manner and shall be responsible for any damage to residences or other property caused by the installation.

10.5 Sale of Subscriber Lists and Personalized Data Prohibited.

The Grantee shall be subject to 47 U.S.C Section 631 (Section 551 of the Cable Act), as amended from time to time, regarding limitations on the cable company's collection and use of personally identifiable information, and other issues involving the protection of subscriber privacy.

10.6 Landlord - Tenant.

Grantee shall provide to individual units of a multiple housing facility, such as a duplex, apartment or condominium unit, all services offered to other dwelling units within the franchise area, providing the owner of the facility consents in writing, if requested by Grantee, as follows:

281 963

- A. To Grantee's providing of the services to units of the facility;
- B. To reasonable conditions and times for installation, maintenance and inspection of the system on facility premises;
- C. To reasonable conditions promulgated by Grantee to protect Grantee's equipment and to encourage widespread use of the system; and
- D. To not demand payment from Grantee for permitting Grantee to provide service to the facility and to not discriminate in rental charges, or otherwise, between tenants who receive cable service and those who do not.
- E. However, Grantee shall have no obligation to provide service if the cost of installation exceeds \$197.00 per unit. To determine unit costs, the total project cost is divided by the number of units. The total project cost shall include only the costs of cable installed on the property including line extension and pre/post wiring of the units.

This figure shall be adjusted each year on July 1 to reflect the annual change in the consumer price for the Portland Metropolitan Region.

11. TERMINATION AND EXPIRATION.

11.1 Revocation.

In addition to any rights set out elsewhere in this document, the Grantor reserves the right to declare a forfeiture or otherwise revoke this franchise, and all rights and privileges pertaining thereto, in the event that:

- A. the Grantee is in violation of any material provision of the franchise agreement after application by the Grantor of a remedy lesser than franchise revocation pursuant to this franchise agreement, and fails to correct the violation after written notice of the violation and proposed forfeiture and a reasonable opportunity thereafter to correct the violation;
- B. the Grantee becomes insolvent, unable or unwilling to pay its debts, or is adjudged a bankrupt;
- C. the Grantee is found to have engaged in fraud or deceit upon the Grantor, persons or subscribers;
- D. the Grantee fails to obtain and maintain any permit required by any federal or state regulatory body, relating to the construction, maintenance and operation of the system; provided, however, that the Grantee shall be allowed a reasonable time to cure failure to obtain any permit; or
- E. the Grantee fails to maintain the full amount of its insurance or to post a performance bond as required under the terms of this franchise.

281 964

Upon the occurrence of one of the events set out above, following thirty (30) days written notice to Grantee of the occurrence and the proposed forfeiture and an opportunity for Grantee to be heard, Grantor may by ordinance declare a forfeiture. In a hearing of the Grantee, the Grantee shall be afforded due process rights as if the hearing were a contested case hearing subject to ORS Chapter 183, including the right to subpoena and cross-examine witnesses, to subpoena documents, and to require that all testimony be on the record. Findings from the hearing shall be written, and shall stipulate the reasons for the Grantor's decision. In the event that the Grantee believes that the Grantor improperly has declared a forfeiture, the Grantee may file such proceeding as is appropriate in a court of competent jurisdiction to determine whether the Grantor properly has declared a forfeiture. If a forfeiture is lawfully declared, all rights of the Grantee shall immediately be divested without a further act upon the part of the Grantor.

11.2 Receivership.

The Grantor shall have the right, subject to federal law, to declare a forfeiture or otherwise revoke this franchise one hundred and twenty (120) days after the appointment of a receiver, or trustee, to take over and conduct the business of the Grantee, whether in receivership, reorganization, bankruptcy, or other action or proceeding, unless such receivership or trusteeship shall have been vacated prior to the expiration of said one hundred and twenty (120) days, or unless;

- A. within one hundred and twenty (120) days after his or her election or appointment, such receiver or trustee shall have been approved by Grantor and shall fully have complied with all the provisions of the franchise and remedied all defaults thereunder; and,
- B. such receiver or trustee, within said one hundred and twenty (120) days, shall have executed an agreement, duly approved by Grantor, as well as the court having jurisdiction in the premises, whereby such receiver or trustee assumes and agrees to be bound by each and every provision of the franchise, and agrees to accept responsibility for and to correct all past defects known and unknown if discovered in performance of franchise obligations.

11.3 Expiration.

Upon expiration of the franchise, Grantor shall have the obligation to abide by the renewal provisions of the Cable Communications Policy Act of 1984, the Cable Act of 1992, and the Telecommunications Act of 1996, as amended from time to time. It is not intended that this Section diminish the rights of either the Grantor or the Grantee under the Act, and any provisions of this Section that purports to diminish such rights shall be deemed superseded by the Act.

11.4 Continuity of Service Mandatory.

It shall be the right of all subscribers to receive all available services insofar as their financial and other obligations to the Grantee are honored. In the event that the Grantee

elects to overbuild, rebuild, or modify the system, or Grantor revokes or fails to renew the franchise, the Grantee shall make its best effort to ensure that all subscribers receive continuous uninterrupted service, regardless of the circumstances, during the lifetime of the franchise.

In the event of purchase, lease-purchase, condemnation, acquisition, taking over and holding of plant and equipment, sale, lease or other transfer to any other person, including any other Grantee of a cable communications franchise, the Grantee shall continue its operations for a period of two hundred and seventy (270) days under the terms and conditions of this franchise agreement following the date of the transfer, if such continuation of operations is ordered by the Grantor with a view to maintaining continuity of service to all subscribers.

12. OPERATION AND MAINTENANCE

12.1 Open Books and Records.

The Grantee shall maintain a business office within the franchise area, for managing the cable system and, subject to the provisions of Section 10 of this franchise and, to such privileges as may be established under Oregon Public Records law, shall manage all of its operations in accordance with a policy of accessible open books and records to the Grantor. The Grantor shall have the right as necessary or desirable for effectively administering and enforcing the franchise, to inspect at any time during normal business hours upon reasonable notice, all records of the Grantee, and for the specific purposes of a bona fide enforcement effort being conducted by the Grantor, also of any affiliate or any cable operator, which relate to the operation of the franchise. Access to the aforementioned records shall not be denied by the Grantee to representatives of the Grantor on the basis that said records contain "proprietary information", nor on the basis that they contain trade secrets unless the Grantor cannot protect the trade secrets from disclosure under Oregon law. To the extent allowed under Oregon Public Records law, the Grantor shall protect information including trade secrets and financial information of the Grantee from disclosure.

Upon ten (10) days written notice from the Grantor, Grantee shall provide the Grantor access to computer files specifically requested by name, approximate date or content and related to compliance with obligations contained in the Franchise. Such access shall be carried out in a manner that does not violate requirements regarding personally identifiable subscriber information, as referenced in Section 631 of the Cable Act, and shall not include access to computer files containing no information related to Grantee's franchise obligations. Unless otherwise agreed, computer record access shall be provided in the following manner: (1) Grantee's employee shall access requested computer file from file server or hard drive storage for Grantor to view. (2) Once accessed, Grantee's employee shall move slowly through the file while the Grantor views it on the computer monitor. (3) Grantee's employee shall facilitate the printing of requested file to paper.

12.2 Communications with Regulatory Agencies.

A list and copies of all material written petitions, applications, communications, and

reports submitted by the Grantee, and also by any affiliate or any cable operator of the system authorized by this Franchise, to the Federal Communications Commission, Securities and Exchange Commission, or any other federal or state regulatory commission or agency having jurisdiction in respect to any matters affecting cable system operations authorized pursuant to this franchise agreement, shall be submitted to the Grantor upon request. In addition, copies of any communications to and from any regulatory agency pertaining to any alleged, apparent or acknowledged violation of an applicable rule or law of the agency related to or affecting operations within the franchise area, shall be immediately submitted to the Grantor, if the communications are to or from the Grantee, or upon written request from the Grantor if the communications are to or from an affiliate or cable operator of the cable system authorized by this franchise.

12.3 Reports.

- A. Quarterly Reports. Within thirty (30) calendar days after the end of each fiscal quarter of the Grantee, Grantee shall, upon request of the Grantor, submit to the Grantor a report of all trouble call complaints received by or referred to Grantee within the report quarter. The reports shall contain, as a minimum, the name, address, and telephone number of the complaining party, the specific nature of the complaint, remedial action taken if any, and the current status of the complaint. Upon request by the Grantor, Grantee shall also provide outage reports, summary statistics on patterns of complaints or service problems, and other customer service information, provided that such information may be reasonably generated by the Grantee.

Within forty five (45) days after the end of each of the Grantee's fiscal quarters, the Grantee shall submit a written report to the Grantor, verified by an officer of Grantee, which shall contain an accurate statement of all gross revenues earned and gross receipts collected by the Grantee or any cable operator, related to operation of the cable system franchised hereunder, in sufficient detail to enable the Grantor to verify the accuracy of franchise fee payments.

- B. Annual Report. No later than three-and-one-half (3 1/2) months following the end of the Grantee's fiscal year each year, Grantee shall present a written report upon request to the Grantor which shall include:
1. Audited financial reports for the Grantee, for the previous fiscal year, including gross revenues from all sources, gross subscriber revenues from each category of service, as well as an income statement, statement of cash flow, and a balance sheet; a financial report for the area system of which the franchise is a part with reviewed gross revenues and receipts as well as statements of expenses, balance sheet and capital expenditures reviewed by an independent certified public accountant; and a financial report for the franchise area with audited gross revenues and receipts. In the event any audited financial report has not been published by the date due under this Section, then the audited financial report shall be deemed presented on time if presented within thirty (30) days after publication.

All financial reports required under this Section shall be presented to the

Grantor accompanied by such notes and explanations as are required to fully understand the reports. Such notes and explanations shall include, but not be limited to, an explanation of any and all deductions made from Gross Revenues for the calculation of franchise fees to be paid to the Grantor.

2. A summary of the previous year's activities including, but not limited to, subscriber totals in each category and new services.
- C. Monitoring and Compliance Reports. Upon request, the Grantee shall provide a written report of any FCC technical performance tests for the residential network required in FCC Rules and Regulations as now or hereinafter constituted. In addition, the Grantee shall upon request provide reports of the test and compliance procedures established by this franchise agreement, no later than thirty (30) days after the completion of each series of tests.
- D. Additional Reports. The Grantee shall prepare and furnish to the Grantor, at the times and in the form prescribed, such additional reports with respect to its operation, affairs, transactions, or property, as may be reasonably necessary and appropriate to the performance of any of the rights, functions or duties of the Grantor in connection with this franchise.

12.4 Safety.

- A. The Grantee shall, at all times, employ the standard of care attendant to the risks involved and shall install and maintain in use commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage, injury, or nuisance to the public or to employees of the Grantor.
- B. The Grantee shall install and maintain its wires, cable, fixtures, and other equipment in accordance with the requirements of the National Electric Safety Code, and in such manner that they shall not interfere with the installations of any public utility.
- C. All lines, equipment and connections in, over, under, and upon either the streets and public ways of Grantor or private property within boundaries of Grantor, wherever situated or located, shall at all times be kept and maintained in a safe and suitable condition, and in good order and repair.

13. MISCELLANEOUS PROVISIONS

13.1 Compliance with Laws.

The Grantee shall comply with all federal and state laws and regulations, including regulations of any administrative agency thereof, as well as all general ordinances, resolutions, rules and regulations of the Grantor heretofore or hereafter adopted or established during the entire term of this franchise, provided that any such ordinances, resolutions, rules and regulations of the Grantor hereafter adopted or established shall not conflict or interfere with the existing rights of the Grantee hereunder.

281 968

13.2 Separability.

Subject to the provisions of Sections below, if any Section, Subsection, sentence, clause, phrase or word of the franchise agreement is held to be invalid or unconstitutional by any court of competent jurisdiction or pre-empted by federal or state regulations or law, such Section, Subsection, sentence, clause, phrase or word shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining provisions hereof.

13.3 Captions.

The captions to Sections throughout this franchise agreement are intended solely to facilitate reading and reference to the Sections and provisions contained herein. Such captions shall not affect the meaning or interpretation of this franchise agreement.

13.4 No Recourse Against the Grantor.

The Grantee shall have no recourse whatsoever against the Grantor or its officials, boards, commissions, or employees for any loss, costs, expense, or damage arising out of any provision or requirement contained herein, or in the event this franchise agreement or any part thereof is determined to be invalid except to the extent that such loss, cost, expense or damages arises out of the reckless or willful misconduct of the Grantor or its officials, boards, commissions, or employees.

13.5 Nonenforcement by Grantor.

The Grantee shall not be relieved of its obligations to comply with any of the provisions of this franchise agreement by reason of any failure of the Grantor to enforce prompt compliance.

13.6 Force Majeure.

If by reason of force majeure the Grantee is unable in whole or in part to carry out its obligations hereunder, the Grantee shall not be deemed in violation or default during the continuance of such inability. The term "force majeure" as used herein shall mean the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders of the government of the United States of America, or of the State of Oregon, or their departments, agencies, political subdivisions, or officials; acts of any civil or military authority; insurrections; riots; epidemics; landslides; earthquakes; lightning; fires; hurricanes; volcanic activity; storms; floods; washouts; droughts; restraint of government and people; civil disturbances; explosions; partial or entire failure of utilities; and similar occurrences outside the control of the Grantee. The Grantee agrees, however to give its best efforts to remedy as soon as possible, under the circumstances, the cause or causes preventing Grantee from carrying out its responsibilities and duties under this franchise agreement.

13.7 Entire Agreement.

This franchise agreement contains the entire agreement between the parties, supersedes all prior agreements or proposals except as specifically set forth herein, and cannot be changed orally but only by an instrument in writing executed by the parties.

13.8 Consent.

Wherever the consent or approval of either the Grantee or the Grantor is specifically required in this agreement, such consent or approval shall not be unreasonably withheld.

13.9 Time Limit for Grantee Communications.

Grantee shall provide any written communication required by this franchise within sixty (60) days of being requested to do so by the Grantor, in each case in which no other specific minimum time limit for a communication is identified in the franchise.

13.10 Consistency of Franchise with Cable Act.

The parties intend and believe that all of the provisions hereof are consistent with and permitted by the Cable Communications Policy Act of 1984, the Cable Act of 1992, and the Telecommunications Act of 1996.

13.11 Comparability of Other Cable Franchises.

- A. If the Grantor issues a franchise to a cable operator to enter upon the streets and public rights-of-way for the purpose of operating a Cable System to provide Cable Service to any part of the franchise area, the Grantor shall ensure that, considering all the circumstances, including any limitations on its regulatory authority, the material provisions of such other franchise are, taken together, reasonably comparable to the material provisions of this Franchise.
- B. The Grantee agrees that its sole remedy under this provision is to seek injunctive relief to prevent the issuance of a franchise which would violate the first paragraph.
- C. No provisions of this Section shall be enforceable unless all are enforceable.

13.12 Franchise Review; Changes in Law.

- A. **Franchise Review.** During the six (6) month period beginning five (5) years after the effective date of this Agreement, either the Grantor or the Grantee may request the other party to participate in good faith negotiations, to consider one or more of the following subjects:
 - 1. Technology
 - 2. Parity with neighboring systems
 - 3. PEG access, including channels, interconnection, and financial support
 - 4. Franchise term

5. Other items the parties mutually agree to discuss.

Any amendment to this Agreement as a result of a Franchise Review, must be formally accepted in writing by both parties.

- B. Changes in Law. The Grantor and Grantee have entered into this Agreement under the federal and state statutory and decisional laws and regulations in effect on the effective date of this Agreement. The Grantor and Grantee each reserve the right to request modifications to this Agreement to account for changes in law during the term of this Agreement.
