

APPENDIX B: GLOSSARY

Accessibility All new construction of covered multifamily buildings must include certain features of accessible and adaptable design. Units covered are all those in buildings with four or more units and one or more elevators and all ground floor units in buildings without elevators.

Action Plan The Action Plan includes the following: An application for federal funds under HUD's formula grant programs (CDBG, ESG, HOME); Identification of federal and other resources expected to be used to address the priority needs and specific objectives in the strategic plan; Activities to address homeless and other special needs (persons with mental, physical or developmental disabilities, battered and abused spouses, victims of domestic violence, etc.); Activities to address other Actions (affordable housing, lead-based paint hazards, poverty reduction, public housing improvements, etc); and lastly; A description of the areas targeted given the rationale for the priorities for allocating investment geographically.

Affordable Housing That housing within the community which is decent and safe, either newly-constructed or rehabilitated, that is occupied by and affordable to households whose income is very low, low, or moderate. Such housing may be ownership or rental, single-family or multi-family, short-term or permanent. Achieving affordable housing often requires financial assistance from various public and private sources and agencies.

Agency Any department, agency, commission, authority, administration, board, or other independent establishment in the executive branch of the government, including any corporation wholly or partly owned by the United States that is an independent instrumentality of the United States, not including the municipal government of the District of Columbia.

Brownsfield Economic Development Initiative (BEDI) Grant Program BEDI is designed to help cities redevelop abandoned, idled, or underutilized industrial and commercial properties and facilities where expansion or redevelopment is complicated by real or perceived environmental contamination e.g., brownfields. BEDI accomplishes this by providing funding to local governments to be used in conjunction with Section 108 loan guarantees to finance redevelopment of brownfields sites. BEDI-funded projects must meet one of the CDBG program's national objectives.

Certification A written assertion based on supporting evidence that must be kept available for inspection by HUD, by the Inspector General of HUD, and by the public. The assertion shall be deemed to be accurate unless HUD determines otherwise, after inspecting the evidence and providing due notice and opportunity for comment.

Community Development Block Grant Program (CDBG) A Community Development Block Grant is a federal grant to states, counties or cities. It is used for housing and community development including housing construction and rehabilitation, economic

development, and public services which benefit low- and moderate-income people. Grant funds can also be used to fund activities which eliminate slums and blight or meet urgent needs.

Community and Housing Development Organization (CHDO) A federally defined type of nonprofit housing provider that must receive a minimum of 15 percent of all Federal HOME Investment Partnership funds. The primary difference between CHDO and other nonprofits is the level of low-income residents' participation on the Board of Directors.

Comprehensive Grant Program (CGP) HUD grant program via an annual formula to large public housing authorities to modernize public housing units.

Consolidated Annual Performance and Evaluation Performance Report (CAPER) The CAPER allows HUD, local officials, and the public to evaluate the grantees' overall performance, including whether activities and strategies undertaken during the preceding year actually made an impact on the goals and needs identified in the Consolidated Plan.

Consolidated Plan The Consolidated Plan services four separate, but integrated functions. The Consolidated Plan is: a planning document for the jurisdiction which builds on a participatory process with County residents; an application for federal funds under HUD's formula grant programs which are: CDBG, HOME, ESG, HOPWA; a three-year strategy to be followed in carrying out HUD programs; and lastly, an action plan describing individuals activities to be implemented.

Cost Burden The extent to which gross housing costs, including utility costs, exceeds 30 percent of gross income, based on data available from the U.S. Census Bureau.

Economic Development Initiative (EDI) Grant Program EDI is designed to enable local governments to enhance both the security of loans guaranteed through HUD's Section 108 Loan Guarantee Program and the feasibility of the economic development and revitalization projects that Section 108 guarantees finance. EDI accomplishes this by providing grants to local governments to be used in conjunction with Section 108 loan guarantees. A locality may use the grant to provide additional security for the loan (for example, as a loss reserve), thereby reducing the exposure of its CDBG funds (which by law must be pledged as security for the loan guarantees). A locality may also use the EDI grant to pay for costs associated with the project, thereby enhancing the feasibility of the 108-assisted portion of the project. EDI-funded projects must meet one of the CDBG program's national objectives.

Elderly: The CDBG low- and moderate-income limited clientele national objective at 570.208(a)(2)(i)(A) includes the elderly as a presumptive group. However, the CDBG regulations do not define the term "elderly." Therefore, a grantee can use its own definition of elderly for non-housing activities. As such, the County defines elderly as 55 years of age or older. With regard to housing activities, the Consolidated Plan requires identification of

housing needs for various groups, including the elderly, which is defined as 62 years of age or older at 24 CFR 91.5 and 24 CFR 5.100. Because of this, housing activities to be counted toward meeting a Consolidated Plan goal of housing for the elderly must use the definition in 24 CFR 5.100, 62 years or older.

Emergency Shelter Grant (ESG) Emergency Shelter Grant Program is a federally-funded program designed to help, improve and maintain the quality of existing emergency shelters for the homeless. ESG helps emergency shelters meet the costs of operating emergency shelters and of providing certain essential social services to homeless individuals so that these persons have access to a safe and sanitary shelter and to the supportive services and other kinds of assistance they need to improve their situations. The program is also intended to prevent the increase of homelessness through the funding of preventive programs and activities.

Emergency Shelter Any facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless in general or for specific populations of the homeless.

Entitlement An underlying formula governing the allocation of Block Grant funds to eligible recipients. Entitlement grants are provided to larger urban cities (i.e. population greater than 50,000) and larger urban counties (greater than 200,000).

Federal National Mortgage Association (Fannie Mae) A federally chartered, stockholder owned corporation which supports the secondary market for both conventional mortgages and mortgages insured by the FHA and guaranteed by VA.

Fiscal Year Any yearly accounting period, regardless of its relationship to a calendar year.

Full Time Equivalent (FTE) One FTE is 2,080 hours of paid employment. The number of FTEs is derived by summing the total number of hours (for which included categories of employees) are paid by the appropriate categories of employees and dividing by 2,080 hours (one work-year). Appropriate categories include, but are not limited to, overtime

hours, hours for full-time permanent employees, temporary employees and intermittent employees who may not have been paid for an entire reporting period.

Grant A federal grant may be defined as a form of assistance authorized by statute in which a federal agency (grantor) transfers something of value to a party (the grantee) usually, but not always, outside the federal government, for a purpose, undertaking, or activity of the grantee which the government has chosen to assist, to be carried out without substantial involvement on the part of the federal government. The “thing of value” is usually money, but may, depending on the program legislation, also include property or services. The grantee, again depending on the program legislation, may be a state or local government, a nonprofit organization, or a private individual or business entity.

HOME The Home Investment Partnership Program, which is authorized by Title II of the National Affordable Housing Act. This federally-funded program is designed to expand housing for very-low-income people. And, to make new construction, rehabilitation, substantial rehabilitation and acquisition of such housing feasible, through partnerships among the federal government, states and units of general local government, private industry, and nonprofit organizations able to utilize effectively all available resources.

It consolidated a number of other older federal agencies. The Department of Housing and Urban Development is the Federal agency responsible for national policy and programs that: address America's housing needs, improve and develop the Nation's communities, and enforce fair housing laws. HUD's mission is helping to create a decent home and suitable living environment for all Americans. It has given America's cities a strong national voice at the Cabinet level.

HUD Income Levels Income levels serve as eligibility criteria for households participating in federally funded programs.
