Diameter: Unknown

Health: Good

Significant Features

Majority of trees probably planted by Wes Cook in the 1940's

McKrill Property

Western Red Cedar Tree

This Western Red Cedar is on the McKrill property is located in a heavily wooded area near Kellogg Creek

The trees in this area were planted by the previous owner, Wes Cook, to ensure the area remained well-stocked with timber. A majority of the tree stands are likely a product of a planting in the 1940s.

This tree is of significant height with an expansive canopy that provides a commanding presence in the area.

The Western Red Cedar adds to the collection of trees that surround the area and therefore quali-
