Christina Robertson-Gardiner
221 Molalla Avenue, Suite 200
Oregon City, OR 97045

Dear Christina Robertson-Gardiner:

My name is Anne Meader and I am the Chair of the Clackamas County Aging Services Advisory Council (ASAC) appointed by the Board of County Commissioners. Age Friendly Communities is a subcommittee of the ASAC and they respectfully request that as the Willamette Falls Legacy Project moves forward the leaders would consider universal design elements to make the project accessible and useful to all ages and abilities.

Please consider including the following universal design elements that will allow individuals of all ages to enjoy the Willamette Falls Legacy Project.

- Ample benches along all walk ways
- Curb cuts to allow access to everyone
- Accessibility to everyone with wheel chairs, walkers, strollers
- Adequate restrooms and water fountains

My fellow committee members are excited about this project and would like to provide input as the project moves forward.

Sincerely,

Anne Meader
Chair, Aging Services Advisory Council
