

Employee Farm Share Program

Fresh, Organic and Clackamas County Grown!

Announcing 2015 seasonal CSA shares from Our Table Cooperative! They are excited to take us through a 17-week season of Certified Organic vegetables from June through October. Shares will be delivered every Wednesday from Our Table's fields in the far western tip of Clackamas County (Sherwood) to the Red Soils Campus, DSB.

Sized for families, our farmers have crafted these shares to include an assortment of vegetables with varieties that have been selected for their superb flavors and unique connection to our growing conditions in Clackamas County. Additional seasonal crops, such as flowers and berries, will be offered as share add-ons when they become available.

For more info or to order a share, please visit our [Clackamas County 2015 CSA Share](#) page by May 15th!
