## REPORT OF INDEPENDENT AUDITORS

Board of County Commissioners of  
Clackamas County, Oregon, as Governing Body of  
Surface Water Management Agency of Clackamas County  
Oregon City, Oregon

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Surface Water Management Agency of Clackamas County (the Agency), a component unit of Clackamas County, Oregon, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## REPORT OF INDEPENDENT AUDITORS (continued)

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2014 and 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Agency's basic financial statements. The budgetary comparison schedule on page 18 (collectively, the supplementary information), is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as described above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## REPORT OF INDEPENDENT AUDITORS (continued)

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2014 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

### **Report on Other Legal and Regulatory Requirements**

In accordance with the Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated November 24, 2014, on our consideration of the Agency's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Fiscal Year Ended June 30, 2014

As management of Surface Water Management Agency of Clackamas County (the Agency), we offer readers of our basic financial statements this narrative overview and analysis of the financial activities of the Agency for the fiscal year ended June 30, 2014. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

**Financial Highlights**

- The assets of the Agency exceeded our current liabilities at the close of the fiscal year by \$385 (net position). Of this amount, \$313 (unrestricted net position) may be used to meet our ongoing obligations of providing surface water management services.
- The Agency's total assets increased to \$389 from \$304 in the last fiscal year and are \$154 higher than two fiscal years ago.
- Total net position increased by \$93 from last fiscal year. Cash was up by \$81 from last fiscal year. Accounts receivable was up by \$6.
- Operating revenues totaled \$187, a decrease of \$1. Surface water management charges increased by \$7 from the prior year. Other operating revenues were down \$7.
- Operating expenses decreased \$16 from the prior year, salaries and other county expenses were down.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. These statements consist of the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows along with the Notes to Basic Financial Statements. Complementing these statements and notes is Supplementary Information, which provides additional detail about the Agency's operations in the form of budgetary comparisons.

The Statements of Net Position present information on all of the Agency's assets, liabilities, and net assets. Over time, changes in assets, liabilities, and net assets may serve as a useful indicator of whether the Agency's financial position is improving or deteriorating.

The Statements of Revenues, Expenses, and Changes in Net Position present information related to increases and decreases in total net position. These statements are prepared on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The Statements of Cash Flows are an analysis of the change in the Agency's cash balance during the fiscal year. They are divided into two components: cash from operations of the Agency, and cash from investing activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS, continued

Fiscal Year Ended June 30, 2014

**Financial Analysis**

The financial operations of the Agency are primarily related to the development and implementation of management plans to improve the quality of the surface waters that drain into the Lower Tualatin River and Oswego Lake Basins.

**Net Position**

(In Thousands of Dollars)

	2014	2013	2012
Current assets	\$ 317	\$ 229	\$ 158
Capital assets, net	72	75	77
Total assets	389	304	235
Current liabilities	4	11	19
Net investment in capital assets	72	75	77
Unrestricted	313	218	139
Total net position, end of period	\$ 385	\$ 293	\$ 216

Total assets increased by \$85. Pooled cash and investments increased by \$81, while accounts receivable increased by \$6. Interest receivable remained unchanged from 2013. Cash was produced primarily by a decrease in operating expenses.

Total operating revenue decreased by \$1. Revenues from surface water management charges increased by \$7. Other operating revenue decreased by \$7.

Operating expenses as a whole decreased \$16 or 14.3%. Contracted salaries and benefits decreased \$15. Materials and services decreased by \$2. Staff efforts were again curtailed in 2013-14 in order to conserve Agency resources. Other county services are allocated expenses from the county for items such as rent, technology services, and county and personnel administration. The current year allocations were lower, in line with the Agency's use of the services.

Nonoperating revenue remained flat since interest income was unchanged at \$1.

Net position increased \$93.

MANAGEMENT'S DISCUSSION AND ANALYSIS, continued

Fiscal Year Ended June 30, 2014

**Capital Assets**

The Agency's capital assets decreased from \$75 in 2013 to \$72 in 2014 as a result of depreciation. Detail information may be found in Note 2 in the Notes to Basic Financial Statements.

**Economic Factors and Next Year's Budget**

The number of customers that the Agency is serving has remained constant over the last two years. There is some annexation by cities in the area, but new construction keeps the customer base constant.

The adopted budget for 2014-15 represents a 16.4% decrease over 2013-14 budgeted expenditures. Decreases in labor and laboratory services expenses account for the majority of the percentage decrease.

Actual operating expenses for 2013-14 were \$99 under budget. Education and biological monitoring programs were undertaken at much lower levels than budgeted. For more details see the Supplementary Information section.

**Financial Contact**

The Agency's financial statements are designed to present users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the Agency's finances and to demonstrate the Agency's accountability. If you have questions about the report or need additional financial information, please contact the Agency's Financial Services Manager at 150 Beaver Creek Road, Oregon City, Oregon 97045. **1. Summary of Significant Accounting Policies:**

**The Agency**

Surface Water Management Agency of Clackamas County (the Agency) was formed in March 1992 under the provisions of Chapter 451 of the Oregon Revised Statutes. As the result of a court decree, the Oregon Department of Environmental Quality (DEQ) required all municipalities whose surface water flows into the Tualatin River to develop and implement management plans to improve the water quality of the river. Clackamas County was required to provide a dedicated source of funding for surface water management to ensure long-term implementation of the water quality program. Consequently, Surface Water Management Agency of Clackamas County was formed as a service district to serve those unincorporated areas which drain into the lower Tualatin River and the Oswego Lake Basin. The Clackamas County Board of Commissioners is the governing body of the Agency as provided by ORS 451.485. Fiscal and accounting functions are provided by personnel of Water Environment Services, the Department of Transportation and Development, the County Treasurer, and the County's General Service Agency.

The Agency has no potential component units. Since Clackamas County, Oregon is financially accountable for and significantly influences the operations of the Agency and the Clackamas County Board of Commissioners also serves as the Agency's Board, the Agency is included as a blended component unit in the Comprehensive Annual Financial Report of Clackamas County, Oregon for the year ended June 30, 2014.

**Basis of Accounting**

The Agency's financial statements are prepared on the modified accrual basis of accounting. The Agency has implemented GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, which specifically identifies and consolidates the accounting and financial reporting provisions that apply to state and local governments.

The Agency distinguishes operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services in connection with ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**Budgets**

For financial reporting and operating purposes, management considers the Agency's activities as those of a utility operation. However, for legal compliance, the Agency is required to adopt a budget and make appropriations.

SURFACE WATER MANAGEMENT AGENCY OF CLACKAMAS COUNTY  
(A Component Unit of Clackamas County, Oregon)  
NOTES TO BASIC FINANCIAL STATEMENTS, continued  
JUNE 30, 2014 AND 2013

---

**1. Summary of Significant Accounting Policies, Continued:**

**Budgets, Continued:**

The Agency begins its budgetary process by appointing Budget Committee members in the fall of each year. Budget recommendations are developed by management through early spring, with the Budget Committee approving the budget document in late spring. Public notices of the budget hearing are published prior to the public hearing held in June. The Board of Commissioners adopts the budget and authorizes appropriations no later than June 30.

The ordinance authorizing appropriations for the fund sets the level by which expenditures cannot legally exceed appropriations. Appropriations are made at the principal object level - materials and services, reserve for capital improvement, capital outlay, debt service, transfers, operating contingencies, and other - which are the levels of control established by the resolution. Unexpected additional resources may be added to the budget through the use of a supplemental budget and transfers of appropriation resolutions. Supplemental budgets less than 10% of the fund's original budget may be adopted by the Board of Commissioners at a regular Board meeting. A supplemental budget greater than 10% of the fund's original budget requires hearings before the public, publication in newspapers and approval by the Board of Commissioners. Original and supplemental budgets may be modified by the use of appropriation transfers between category levels. Such transfers require approval by the Board of Commissioners. No supplemental budgets or appropriation transfers were made during the year ended June 30, 2014. All annual appropriations lapse at fiscal year end.

**Pooled Cash and Investments**

Pooled cash and investments are comprised of funds held and invested by the Clackamas County Treasurer and the State of Oregon Treasurer's Local Government Investment Pool (LGIP). The Agency considers its pooled cash and investments as a demand deposit account, whereby funds may be deposited or withdrawn without prior notice or penalty. Interest earnings are allocated to the Agency based on the proportion of the Agency's funds to total Clackamas County Service District No.1 (CCSD No. 1), Tri-City Service District (TCSD), and Agency funds.

Reference should be made to the Clackamas County Comprehensive Annual Financial Reports for the year ended June 30, 2014 for compliance with Oregon Revised Statutes relating to the collateralization of deposits and categorization of investments and disclosures required by GASB.

NOTES TO BASIC FINANCIAL STATEMENTS, continued

---

**1. Summary of Significant Accounting Policies, Continued:**

**Pooled Cash and Investments, Continued:**

The Agency is exposed to custodial credit risk because its cash and investments are held by a counterparty in the counterparty's name. This is the risk that in the event of failure of the counterparty, the Agency's deposits may not be returned. The Agency's cash and investments are held by Clackamas County (the County) in a pool that also includes deposits of CCSD No. 1 and TCSD. The pool consists of bank and local government investment pool accounts, and federal treasury securities. This pool is subject to general credit claims of the County. The Agency believes that the risk of County default is slight and outweighed by the advantages of participation in the County cash and investment pool. Reference should be made to the Clackamas County Comprehensive Annual Financial Reports for information about the interest, credit, and custodial credit risks associated with the County's various cash and investments.

The Agency is exposed to credit risk through the investments made by the Clackamas County Treasurer and the LGIP. Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Credit risk is measured by the assignment of a rating by a national statistical rating organization.

The State of Oregon LGIP is unrated. Investments with the County Treasurer are invested in US Treasury or US Agencies rated AAA or AA+.

**Accounts Receivable**

An allowance for doubtful accounts is not deemed necessary as uncollectible accounts become a lien on the property. All accounts receivable are due from property owners within the Agency's boundaries.

**Capital Assets**

Capital assets are stated at cost or estimated fair market value at the time received in the case of donations. Normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life, are not capitalized.

Capital assets are defined by the Agency as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Depreciation is computed on assets placed in service using the straight-line method from lives of five years for equipment to fifty years for collection plant.

**1. Summary of Significant Accounting Policies, Continued:**

**Net Position**

Net position comprises the various net earnings from operating and nonoperating revenues, expenses and contributions of capital. Net position is classified in the following two components: Net investment in capital assets and unrestricted net position. Net investment in capital assets consists of all capital assets, net of accumulated depreciation and is reduced by outstanding debt (revenue bonds and other debt obligations) that is attributable to the acquisition, construction and improvement of those assets. Debt related to unspent proceeds or other restricted cash and investments is excluded from the determination. At June 30, 2014 and 2013, the Agency had no debt related to capital assets. Unrestricted consists of all other net position not included in the above category.

**Risk Management**

The Agency purchases insurance coverage for automobile, flood, earthquake, liability, machinery and business risks. These policies are subject to minimum deductibles.

For workers' compensation, the Agency participates in the County's self-insurance program. All personnel of the Agency are contracted from the County. The Agency is not responsible for any workers' compensation risk. All risk of loss related to the self-insurance program is borne by the County. The County is fully self-insured for unemployment benefits and short-term disability benefits and partially self-insured for dental benefits and workers' compensation. The County carries coverage in excess of \$1,000,000 with an outside insurer for workers' compensation claims. Settled claims have not reached the commercial coverage in any of the past three fiscal years. No significant reduction in insurance coverage has occurred in the current year for any category of risk.

**Use of Estimates**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**1. Summary of Significant Accounting Policies, Continued:**

**Adoption of New GASB Pronouncements**

During the fiscal year ended June 30, 2014, the Agency implemented the following GASB pronouncements:

**GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities***

Issued March 2012, this Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

**GASB Statement No. 66, *Technical Corrections***

Issued March 2012, the objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*.

**GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees***

Issued April 2013, this Statement requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee.

**Future Adoption of GASB Pronouncements**

The following GASB pronouncement has been issued, but is not yet effective at June 30, 2014:

**GASB Statement No. 69, *Government Combinations and Disposals of Government Operations***

Issued January 2013, this Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term *government combinations* includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations.

**Future Adoption of GASB Pronouncements - Continued**

The Agency will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The Agency is currently evaluating if the above listed new GASB pronouncement will have a significant financial impact to the Agency or in issuing its financial statements.

**2. Capital Assets:**

Changes in capital assets for the years ended June 30, 2014 and 2013 are as follows:

	2014		
	Balance July 1, 2013	Additions	Balance June 30, 2014

SURFACE WATER MANAGEMENT AGENCY OF CLACKAMAS COUNTY  
(A Component Unit of Clackamas County, Oregon)  
NOTES TO BASIC FINANCIAL STATEMENTS, continued  
JUNE 30, 2014 AND 2013

---

**3. Transactions with Related Parties:**

The Clackamas County Board of Commissioners also serves as the Agency's governing body. In addition, Water Environment Services, Department of Transportation and Development, County Treasurer and Clackamas County Service District No. 1 perform certain fiscal and accounting services for which the Agency was charged \$65,226 and \$81,118 in fiscal 2014 and 2013, respectively. At June 30, 2014 and 2013, the Agency was obligated to Clackamas County for \$3,550 and \$1,094, respectively.

**4. Litigation:**

The Agency has various claims and pending legal proceedings outstanding. These proceedings are, in the opinion of management, ordinary routine matters incidental to the normal business conducted by the Agency. In the opinion of management, the ultimate disposition of such proceedings is not expected to have a material adverse effect on the Agency.

# Compliance Reports

TM

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of County Commissioners of  
Clackamas County, Oregon, as Governing Body of  
Surface Water Management Agency of Clackamas County  
Oregon City, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Surface Water Management Agency of Clackamas County (the Agency), a component unit of Clackamas County, Oregon, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated November 24, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS (continued)**

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE AND ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH OREGON MINIMUM AUDITING STANDARDS**

Board of County Commissioners of  
Clackamas County, Oregon, as Governing Body of  
Surface Water Management Agency of Clackamas County  
Oregon City, Oregon

We have audited the basic financial statements of Surface Water Management Agency of Clackamas (the Agency), a component unit of Clackamas County, Oregon, as of and for the years ended June 30, 2014, and have issued our report thereon dated November 24, 2014. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Oregon Secretary of State. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

### Compliance

As part of obtaining reasonable assurance about whether the Agency's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grants, including provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-10-000 to 162-10-330, as set forth below, noncompliance with which could have a direct and material effect on the determination of financial statement amounts:

**REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE AND ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH OREGON AUDITING STANDARDS (CONTINUED)**

However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State.

**Internal Control over Financial Reporting**

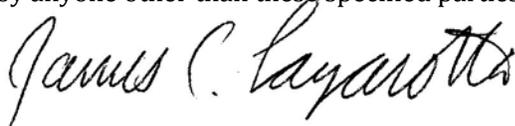

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Agency's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Purposes of this Report**

This report is intended solely for the information and use of the Audit Committee, Board of County Commissioners, management, and the State of Oregon and is not intended to be and should not be used by anyone other than these specified parties.
